

**Faculty of Science and Information Technology**

**Lecturer/Associate Lecturer in Exercise and Sport Science**

**School of Environmental and Life Sciences**

**Position No. 1055**

**General Information**

Working alongside the new Associate Professor and the current team you will contribute to teaching, research and community interaction in Exercise and Sport Science. You will have experience in a relevant area of research, teaching, or industry involvement.

You will possess a strong track record in research and research training achievement in an area of Exercise & Sport Science. The University is particularly interested in candidates who have a background in motor control & learning and/or interests that compliment the research and teaching interests of existing staff.

This position is offered in the School of Environmental and Life Sciences on the Central Coast campus in Ourimbah. The campus offers an excellent work environment and the University will open a new \$3.5M Exercise Science building in 2009/10.

The position is available on a full-time continuing basis.

**The position will be available from January 2009.**

Women are particularly encouraged to apply as they are under-represented at senior academic levels in the School/Faculty.

**Position Description**

**Selection Criteria**

- PhD in a relevant area or equivalent experience
- Demonstrated capacity to teach in areas of Exercise & Sport Science at tertiary level
- Demonstrated capacity to establish and manage research programs in Exercise & Sport Science
- Ability to engage community groups in collaborative activities
- Excellent communication skills
- Willingness to support administrative functions in the School

**Duties Include**

- Contributing to the development and execution of Exercise & Sport Science teaching programs
- Being active in research, including research training
- Developing relationships with all facets of the Exercise & Sport Science industry
- Interaction with staff from other disciplines in the School
- Participation in the maintenance of academic standards and general administration of the School of Environmental and Life Sciences
