Sore or itchy skin?

Chat to our pharmacist today.

You may be eligible to get treatment for:

- Shingles
- Mild to moderate atopic dermatitis (eczema)
- Mild plaque psoriasis
- Impetigo (school sores)

Our pharmacy is participating in the NSW clinical trial for pharmacists providing treatment and advice on common skin conditions.

To learn more, scan the QR code or visit **act.gov.au** and search for 'pharmacy trial'.

If you need support in your language, tell your pharmacist you need an interpreter.

You can choose to participate. If you are not eligible for treatment the pharmacist may refer you to a doctor or emergency department for additional care.

Check with our pharmacist about the cost of any medicine.
