

# SMOKING AT STUDENT LIVING

The University of Newcastle is dedicated to providing a safe and healthy environment for staff, students and visitors to our campuses.

To ensure this, smoking at the University is strictly limited to designated smoking pods. These pods are located away from building entrances and high pedestrian zones. For the safety of everyone on campus, staff, students and visitors must make use of the pods. All designated smoking areas can be easily identified by the red gravel landscaping and large signs. There are also bins that are specifically purposed for the disposal of used cigarettes in these areas.

As per the Student Living Standards, if you smoke in non-designated smoking areas or outside of designated times, you may be subject to disciplinary action.

## POD LOCATIONS

- 1) Between West Tower and the Hunter Building
- 2) Behind North Tower
- 3) Behind Burnet House at Edwards Hall
- 4) Next to C Block at International House
