### FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2018

# THE UNIVERSITY OF NEWCASTLE RESEARCH ASSOCIATES (TUNRA) DIRECTORS REPORT

#### FOR THE YEAR ENDED 31 DECEMBER 2018

The directors present their report on The University of Newcastle Research Associates Limited (the Company) for the financial year ended 31 December 2018.

The Company is a public company, limited by guarantee and incorporated in NSW, Australia.

#### Information on directors

The names of the Directors in office at any time during and since the end of financial year:

Professor Kevin Hall (Chair) Professor Alan Broadfoot Mr Paul Dunn Ms Barbara Crossley, appointed 23 January 2018

Directors have been in office since the start of the financial year unless otherwise stated.

#### **Principal activities**

The principal activities of the Company during the financial year were the undertaking of research and consulting projects whilst continuing to focus on supporting research opportunities for both students and externally as a not-for-profit entity.

No significant changes in the nature of the Company's activity occurred during the financial year.

#### **Operating results**

The profit of the Company amounted to \$308,607 (2017: \$641,581).

#### **Review of operations**

The Company's objectives are advancing research and research education through engaging with government and industry to provide research services that contribute further to the University of Newcastle's research and innovation aspirations. The Company provides a robust and responsive customer service environment supported by a flexible operating model that is capable of supporting additional opportunities for the University to leverage assets and resources and consider new services and new markets to deliver greater benefit to industry. The Company provides the University of Newcastle with a vehicle through which it can run and manage more complicated and higher risk projects including international projects. The Company will continue to leverage the University of Newcastle's capability in the provision of research services to consider new services and new markets to deliver greater value for industry. As a commercial entity, the Company has been making a direct and indirect financial contribution to the University.

#### Dividends paid or recommended

As a Company limited by guarantee, dividend payments are not permitted.

#### Limited by guarantee/Members guarantee

The company is incorporated and domiciled in Australia as a company limited by guarantee. In accordance with the constitution of the company, members of the company undertake to contribute an amount limited to \$20 per member in the event of the winding up of the company and are not entitled to distributions of dividends or repayment of capital.

## THE UNIVERSITY OF NEWCASTLE RESEARCH ASSOCIATES (TUNRA) DIRECTORS REPORT

#### FOR THE YEAR ENDED 31 DECEMBER 2018

#### **Objectives and strategies**

The objective of the Company is to create value from knowledge transfer from the University of Newcastle to industry and government partners. The main strategies involve building internal resources to access intellectual property and research capabilities at the University and connecting these opportunities to target markets both in Australia and internationally.

#### Performance measures and key performance indicators

Performance is monitored based on key success measures which include researcher/academic engagement metrics balanced with key metrics. Key objectives include areas of financial performance, customer orientation, business effectiveness, employee development and health, safety and environment.

#### Future developments and results

Likely developments in the operations of the Company and the expected results of those operations in future financial years have not been included in this report because inclusion of such information is likely to result in unreasonable prejudice to the Company.

#### Significant changes in state of affairs

There have been no significant changes in the state of affairs of the Company during the year.

#### Events after the reporting date

No matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the Company, the results of those operations or the state of affairs of the Company in future financial years.

#### Information on directors

The particulars of the qualifications, experience and special responsibilities of each Director are as follows:

#### Professor Kevin Hall (Chair)

Senior Deputy Vice-Chancellor Research and Innovation (March 2014-current), University of Newcastle, B.Sc., Queen's University, Civil Engineering, M. Sc., Queens University, Civil Engineering, Ph.D., University of NSW, Civil Engineering, Vice President Research and External Partnerships, University of Guelph (2009 – 2014). Chair, Department of Civil Engineering, Queens University (2005-2008). Professor, Queen's University, Department of Civil Engineering (1996-2008). Associate Professor and NSERC University Research Fellow Queen's University, Department of Civil Engineering (1991-1996). Assistant Professor and NSERC University Research Fellow Queen's University, Department of Civil Engineering (1987-1991). Lecturer – NSW Institute of Technology (1985-1986).

#### Professor Alan Broadfoot

Professor Alan Broadfoot, B.E. (Hons), M.E. Ph.D. FRSN, FIEAust, MIEEE, graduate member of the Australian Institute of Company Directors, is the Executive Director of the Newcastle Institute for Energy and Resources (NIER) at the University of Newcastle and member of the NSW Innovation and Productivity Council. Past Managing Director and Chief Executive Officer of Ampcontrol, a leading international supplier of electrical and electronic products to the power, energy and mining sectors.

#### Mr Paul Dunn

Paul Dunn, B.Com. (Newcastle), FCPA, was the Chief Financial Officer of the University of Newcastle until February 2019, joining the University after a 30-year career at BHP Billiton. Past Finance Lead on the 1SAP project in Singapore, Vice-President Finance at BHP Billiton Uranium Business, Vice-President Finance at BHP Billiton Olympic Dam in South Australia and Manager Finance at the Cannington mine in North Queensland.

### THE UNIVERSITY OF NEWCASTLE RESEARCH ASSOCIATES (TUNRA) DIRECTORS REPORT

#### FOR THE YEAR ENDED 31 DECEMBER 2018

Information on directors (continued)

#### Ms Barbara Crossley

Barbara Crossley, B. Natural Resources (Hons), graduate member of the Australian Institute of Company Directors, is the Managing Director of Umwelt (Australia) Pty Ltd, a national environment and social consultancy firm. Past Non-Executive Director of Hunter Water Corporation and temporary member of the NSW Planning and Assessment Commission.

#### Meetings of directors

The number of Directors' meetings held during the year and the number of meetings attended by each Director while holding office in the Company during the year were:

	Board Me	Board Meetings	
	Attended	Held	
K Hall	5	5	
A Broadfoot	5	5	
P Dunn	5	5	
B Crossley	4	5	

#### Indemnification and insurance of officers and auditors

During the year, the Company paid a premium for the Directors' and Officers' Liability insurance policy. This insurance policy provides cover for the Directors named in this report, the Company Secretary, Officers and former Directors and Officers of the Company. The contract prohibits the disclosure of the nature of the liability and the amount of the premium.

#### Auditor's independence declaration

The auditor's independence declaration in accordance with section 307c of the *Corporations Act 2001*, for the year ended 31 December 2018 has been received and can be found on page 29 of the financial report.

Signed in accordance with a resolution of the Board of Directors:

ARBroudfout.

Professor Alan Broadfoot Director

Mr Paul Dunn Director

Dated 21 March 2019

#### FOR THE YEAR ENDED 31 DECEMBER 2018

#### **1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The University of Newcastle Research Associates Limited (the Company) is a registered company limited by guarantee and is a controlled entity of the University of Newcastle. The Company is a not for profit entity (as profit is not its principal objective) and it has one identified cash generating unit. The Company was established and has its domicile in Australia.

The principal accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied for all years reported unless otherwise stated.

The registered office and principal address of the Company is:

Newcastle Institute for Energy & Resources - NIER Block A 70 Vale Street Shortland NSW 2307 Australia

#### (a) Basis of preparation

The general purpose financial statements are prepared on an accrual basis and comply with the Australian Accounting Standards Reduced Disclosure Requirements as issued by the Australian Accounting Standards Board.

Additionally, the statements have been prepared in accordance with the following statutory requirements:

- Public Finance and Audit Act 1983 (NSW)
- Public Finance and Audit Regulation 2015
- Corporations Act 2001

Date of authorisation for issue

The financial statements were authorised for issue by the Board members of the Company on 21 March 2019.

Historical cost convention

These financial statements have been prepared under the historical cost convention, except for certain financial assets and liabilities measured at fair value.

Critical accounting estimates

The preparation of financial statements in conformity with Australian Accounting Standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. The estimates and underlying assumptions are reviewed on an ongoing basis. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed below:

 Provision for impairment of receivables: a provision is estimated when there is objective evidence that the Company will not be able to collect all amounts due according to the original forms of the receivables as outlined in note 1(f).

#### FOR THE YEAR ENDED 31 DECEMBER 2018

#### 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (a) Basis of preparation (continued)

- Impairment of investments and other financial assets: the Company assesses at each reporting date whether there is effective evidence that a financial asset or group of financial assets is impaired as outlined in note 1(d).
- Employee benefits long service leave: the liability for long service leave is measured at the present value of the expected future payments to be made in respect of services provided by employees up to the reporting date as outlined in note 1(n).
- Useful lives of plant and equipment: depreciation of plant and equipment is calculated over the assets estimated useful life as outlined in note 1(i).
- Useful lives of intangible assets: amortisation of intangible assets is calculated over the assets estimated useful life as outlined in note 1(k).

#### (b) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances rebates and amounts collected on behalf of third parties.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Company's activities as described below. In some cases this may not be probable until consideration is received or an uncertainty is removed. The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

Revenue is recognised for the major business activities as follows:

(i) Royalties, trademarks and licences

Revenue from royalties, trademarks and licences is recognised as income when earned.

(ii) Consultancy and research contracts

For contracts assessed as containing a reciprocal arrangement, revenue is recognised using the percentage of completion method, in accordance with AASB 118 *Revenue*. The stage of completion is measured by considering actual costs as a percentage of total forecast costs, or other suitable estimation technique.

Non-reciprocal consultancy and contract arrangements are accounted for in accordance with AASB 1004 *Contributions* and revenue is recognised at fair value when the Company obtains control of the right to receive the funds, it is probable that economic benefits will flow to the Company, and it can be reliably measured.

(iii) Interest

Interest income is recognised as it is earned.

(iv) Other revenue

Other income represents miscellaneous income which is not derived from core operations and is recognised as income when earned.

#### FOR THE YEAR ENDED 31 DECEMBER 2018

#### 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (c) Income tax

The Company does not provide for income tax as it is exempt under the provisions of Division 50 of the *Income Tax Assessment Act 1997 (ITAA).* 

#### (d) Impairment of assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows which are largely independent of the cash inflows from other assets or groups of assets (cash generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

#### (e) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other shortterm, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the statement of financial position.

#### (f) Trade receivables

Trade receivables are amounts due from customers for goods or services performed in the ordinary course of business. Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate method.

The Company applies the simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, trade receivables are grouped together based on shared credit risk characteristics and days past due. Any receivables that are known to be uncollectable are written off.

#### (g) Fair value measurement

The fair value of assets and liabilities must be measured for recognition and disclosure purposes.

The Company classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements.

The fair value of assets or liabilities traded in active markets (such as publicly traded derivatives, and trading and available-for-sale securities) is based on quoted market prices for identical assets or liabilities at the end of the reporting period (level 1). The quoted market price used for assets held by the Company is the most representative of fair value in the circumstances within the bid-ask spread.

The fair value of assets or liabilities that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques. The Company uses a variety of methods and makes assumptions that are based on market conditions existing at each balance date. Quoted market prices or dealer quotes for similar instruments (level 2) are used for long-term debt instruments held. Other techniques that are not based on observable market data (level 3), such as estimated discounted cash flows, are used to determine fair value for the remaining assets and liabilities. The level in the fair value hierarchy is determined on the basis

#### FOR THE YEAR ENDED 31 DECEMBER 2018

#### 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (g) Fair value measurement (continued)

of the lowest level input that is significant to the fair value measurement in its entirety.

Fair value measurement of non-financial assets is based on the highest and best use of the asset. The Company considers market participants use of, or purchase of the asset, to use it in a manner that would be highest and best use.

The carrying value less impairment provision of trade receivables and payables are assumed to approximate their fair values due to their short-term nature. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Company for similar financial instruments.

#### (h) Other financial assets

(i) Financial assets at amortised cost

The Company measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset gives rise on specified dates to cash flows that are snlety
  payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

(ii) Financial assets at fair value through profit or loss

The Company classifies the following financial assets at fair value through profit or loss (FVPL):

- Debt investments that do not qualify for measurement at either amortised cost or FVOCI.
- Equity investments that are held for trading.
- Equity investments for which the Company has not elected to recognise fair value gains and losses through OCI.

Information about the methods and assumptions used in determining fair value are provided in note 9. Changes in fair values of other financial assets at fair value through profit or loss are recorded in other gains/(losses) in the income statement (refer note 3).

#### (i) Plant and equipment

Plant and equipment is stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to

#### FOR THE YEAR ENDED 31 DECEMBER 2018

#### 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (i) Plant and equipment (continued)

the income statement during the financial period in which they are incurred.

Depreciation on plant and equipment is calculated using the straight line method to allocate its cost, net of its residual values, over its estimated useful lives, as follows:

	2018	2017
Plant and equipment	3 - 7 years	3 - 7 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

#### (j) Repairs and maintenance

Repairs and maintenance costs are recognised as expenses as incurred, except where they relate to the replacement of a component of an asset, in which case, the costs are capitalised and depreciated. Other routine operating maintenance, repair and minor renewal costs are also recognised as expenses, as incurred.

#### (k) Intangible assets

#### (i) Intellectual property

Expenditure on intellectual property, being the application of research findings or other knowledge to a plan or design for the production of new or substantially improved products or services before the start of commercial production or use, is capitalised if the product or service is technically and commercially feasible and adequate resources are available to complete development. The expenditure capitalised comprises all directly attributable costs, including costs of materials, services, direct labour and an appropriate proportion of overheads. Other intellectual property expenditure is recognised in the income statement as an expense when it is incurred. Trademarks, patent and licences have a finite useful life and are carried at cost less accumulated amortisation and impairment losses. Amortisation is calculated using the straight line method to allocate the cost of intellectual property over their estimated useful lives, which vary from 2 to 10 years.

#### (ii) Computer software

Expenditure on software, being software that is not an integral part of the related hardware, is capitalised. Capitalised expenditure is stated at cost less accumulated amortisation. Amortisation is calculated using the straight line method to allocate the cost over the period of the expected benefit, to a maximum of 5 years.

#### (I) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year, which are unpaid. The amounts are unsecured and are usually paid within 30 days following the end of the month they are recognised.

#### FOR THE YEAR ENDED 31 DECEMBER 2018

#### 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (m) Provisions

Provisions for legal claims and service warranties are recognised when: the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as a finance cost.

#### (n) Employee benefits

#### (i) Short-term obligations

Liabilities for short-term employee benefits including wages and salaries and non-monetary benefits are measured at the amount expected to be paid when the liability is settled, if it is expected to be settled wholly before 12 months after the end of the reporting period, and is recognised in other payables. Liabilities for non-accumulating sick leave are recognised when the leave is taken and measured at the rates payable.

#### (ii) Other long-term obligations

The liability for other long-term benefits are those that are not expected to be settled wholly before 12 months after the end of the annual reporting period. Other long-term employee benefits include such things as annual leave, accumulating sick leave and long service leave liabilities.

It is measured at the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

Regardless of the expected timing of settlements, provisions made in respect of employee benefits are classified as a current liability, unless there is an unconditional right to defer the settlement of the liability for at least 12 months after the reporting date, in which case it would be classified as a non-current liability.

#### (iii) Termination benefits

Termination benefits are payable when employment is terminated before the normal retirement date, or when an employee accepts an offer of benefits in exchange for the termination of employment. The Company recognises the expense and liability for termination benefits either when it can no longer withdraw the offer of those benefits or when it has recognised costs for restructuring within the scope of AASB 137 *Provisions, Contingent Liabilities and Contingent Assets* that involves the payment of termination benefits. The expense and liability are recognised when the Company is demonstrably committed to either terminating the employment of current employees according to a detailed formal plan without possibility of withdrawal or providing termination benefits as a result of an offer made to encourage voluntary redundancy.

#### FOR THE YEAR ENDED 31 DECEMBER 2018

#### 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (n) Employee benefits (continued)

Termination benefits are measured on initial recognition and subsequent changes are measured and recognised in accordance with the nature of the employee benefit. Benefits expected to be settled wholly within 12 months are measured at the undiscounted amount expected to be paid. Benefits not expected to be settled before 12 months after the end of the reporting period are discounted to present value.

#### (o) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the taxation authority. In this case, it is recognised as part of the cost acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST receivable from, or payable to, the taxation authority is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the taxation authority, are presented as operating cash flows.

Commitments are disclosed net of the amount of GST recoverable from or payable to tax authorities.

#### (p) Comparative amounts

Where necessary, comparative information has been reclassified to enhance comparability in respect of changes in presentation adopted in the current year.

#### (q) New accounting standards and interpretations not yet mandatory or early adopted

Certain new accounting standards and Interpretations have been published that are not mandatory for 31 December 2018 reporting periods. The new accounting standards are unlikely to materially affect the Company's financial statements.

- AASB 15 Revenue from Contracts with Customers (effective 1 January 2019) and AASB 1058 Income of Not-for-Profit Entities (effective 1 January 2019)
- AASB 16 Leases, issued February 2016 (effective 1 January 2019)

#### (r) Adoption of new and revised accounting standards

The Company has adopted all standards which became effective for the first time for the financial year beginning 1 January 2018. The adoption of these standards has not caused any material adjustments to the reported financial position, performance or cash flow of the Company. Refer to note 1(s).

#### FOR THE YEAR ENDED 31 DECEMBER 2018

#### 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (s) Initial application of AAS

#### **AASB 9 Financial Instruments**

AASB 9 Financial Instruments replaces AASB 139 Financial Instruments: Recognition and Measurement for annual periods beginning on or after 1 January 2018, bringing together all three aspects of the accounting for financial instruments: classification and measurement; impairment; and hedge accounting.

#### (i) Classification and measurement

The adoption of AASB 9 *Financial Instruments* from 1 January 2018 resulted in changes in accounting policies and adjustments to the amounts recognised in the financial statements. The new accounting policies are set out in note 1(h). In accordance with the transition provisions in AASB 9, comparative figures have not been restated.

On 1 January 2018 (date of initial application of AASB 9), management assessed which business models apply to the financial assets held by the Company and classified its financial instruments into the appropriate AASB 9 categories. The main effects resulting from this reclassification are as follows:

	31 Dec 2017 as originally presented \$	AASB 9 impact \$	1 Jan 2018 restated \$
Current assets			
Available-for-sale	1,276,269	(1,276,269)	-
Financial assets at fair value			
through profit and loss		1,276,269	1,276,269
Total current assets	1,276,269	<u> </u>	1,276,289
Equity			
Reserves	540,380	(540,380)	-
Retained earnings	2,017,129	540,380	2,557,509
Total Equity	2,557,509		2,557,509

(ii) Reclassification from available-for-sale to FVPL

Certain investments in the Company were reclassified from available-for-sale to financial assets at FVPL. They do not meet the AASB 9 criteria for classification at amortised cost because their cash flows do not represent solely payments of principal and interest. Related fair value gains were transferred from the available-for-sale financial assets reserve to retained earnings on 1 January 2018.

#### FOR THE YEAR ENDED 31 DECEMBER 2018

#### 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (s) Initial application of AAS (continued)

#### **AASB 9 Financial Instruments (continued)**

(iii) Impairment of financial assets

The Company has the following types of financial assets that are subject to AASB 9's new expected credit loss model:

Trade receivables

The Company was required to revise its impairment methodology under AASB 9 for each class of asset. The impact of the change in impairment methodology is detailed below.

#### Trade receivables

3

The Company applies the AASB 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables. This resulted in an increase of the loss allowance on 1 January 2018 by \$17,707 for trade receivables.

#### 2 CONSULTANCY AND CONTRACTS REVENUE

CONSULTANCE AND CONTRACTS REVENUE	2018	2017

Related party receivables	2,503,703	1,392,022
Total current receivables	4,308,911	3,437,419

#### Provision for impairment

Details around the Company's impairment policy and calculation of the loss allowance are provided in note 19 (b).

#### Fair value of trade receivables

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value.

#### FOR THE YEAR ENDED 31 DECEMBER 2018

#### 9 OTHER FINANCIAL ASSETS

	2018	2017
	\$	\$
Non-current		
Other financial assets at fair value through profit and loss	124,130	-
Available-for-sale		1,276,269
Total non-current other financial assets	124,130	1,276,269

See note 1(s) for the impact of the change in accounting policy following the adoption of AASB 9 and the reclassification of financial assets and note 1(h) for the remaining relevant accounting policies.

#### (i) Risk exposure

Note 19 provides information about the company's exposure to price risk.

#### (ii) Fair value measurements

The fair value of financial assets traded in active markets (such as publicly traded derivatives and equity securities) is based on quoted market prices (level 1) at the end of the reporting period. The quoted market price used for financial assets held by the company is the current bid price. There were no transfers between level 1, 2 and 3 for recurring fair value measurements during the year.

#### (iii) Invostments held on behalf of third parties

Included as part of other financial assets at fair value through profit and loss is \$26,544 (2017: \$703,006) of investments held by the Company on behalf of third parties. A current liability of \$26,544 (2017: \$703,006) relating to these investments has been recognised as part of trade and other payables. Refer to note 12.

#### FOR THE YEAR ENDED 31 DECEMBER 2018

#### 17 RELATED PARTIES (CONTINUED)

#### (e) Outstanding balances (continued)

No loss allowances have been raised in relation to any outstanding balances, and no expense has been recognised in respect of bad or doubtful debts due from related parties.

#### (f) Terms and conditions

All transactions with related parties occurred on the basis of normal commercial terms and conditions.

#### 18 EVENTS OCCURRING AFTER REPORTING DATE

The Directors have not noted any events since the end of the financial year which significantly affected or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

#### 19 FINANCIAL RISK MANAGEMENT

The Company's activities expose it to a variety of financial risks: market risk (including currency risk, cash flow interest rate risk and price risk), credit risk and liquidity risk. The Company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Company. The Company uses different methods to measure different types of risk to which it is exposed. These methods include sensitivity analysis in the case of interest rate and other price risks, and ageing analysis for credit risk.

Risk management is carried out under guidance provided by the Board of Directors.

#### (a) Market risk

(i) Foreign exchange risk

As the Company does not operate internationally the risk is minimal. The Company makes small, infrequent transactions in foreign currencies which do not pose a significant financial risk.

(ii) Price risk

The Company's exposure to equity securities price risk arises from investments held by the Company and classified on the statement of financial position as financial assets at fair value through profit and loss (note 9). The majority of the Company's equity investments are publicly traded on the Australian Stock Exchange. To manage its price risk arising from investments in equity securities the company diversifies its portfolio. Diversification of the portfolio is done in accordance with limits set by the company.

#### (iii) Cash flow and fair value interest rate risk

The Company's main interest rate risk arises from cash and cash equivalents and held to maturity investments. At 31 December 2018, if interest rates had changed by  $\pm 1\%$  from the year end rates with all other variables held constant, the result for the year would have changed by  $\pm 511,128$  (2017:  $\pm $11,534$ ).

#### FOR THE YEAR ENDED 31 DECEMBER 2018

#### 19 FINANCIAL RISK MANAGEMENT (CONTINUED)

#### (b) Credit risk

The Company applies AASB 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables.

In the prior year, the impairment of trade receivables was assessed based on the incurred loss model. Individual receivables which were known to be uncollectable were written off by reducing the carrying amount directly.

Credit risk arises from cash and cash equivalents, deposits with banks and financial institutions, as well as outstanding receivables and committed transactions. For banks and financial institutions, only independently rated parties with a minimum rating of 'BBB+' are accepted. The Company has policies in place to ensure that sales of products and services are made to customers with an appropriate credit history.

The carrying amount of financial assets (note 9) represents the Company's maximum exposure to credit risk. No collateral is held by the Company.

#### (c) Liquidity risk

The Company maintains sufficient liquid assets to meet its short term obligations. Sufficient cash reserves are kept in the Company's 24 hour access account. These cash accounts are reviewed regularly by management to ensure all payments can be made when they fall due.

Trade payables are unsecured and are usually paid within 30 days of recognition.

### THE UNIVERSITY OF NEWCASTLE RESEARCH ASSOCIATES (TUNRA) DIRECTORS DECLARATION

#### FOR THE YEAR ENDED 31 DECEMBER 2018

The Directors of the Company declare that:

- 1. The financial statements:
  - a. comply with the Australian Accounting Standards Reduced Disclosure Requirements which include the Australian Accounting Interpretations;
  - b. comply with the Public Finance and Audit Act 1983 (NSW), the Public Finance and Audit Regulation 2015, and the Corporations Act 2001; and
  - c. give a true and fair view of the financial position as at 31 December 2018 and financial performance for the year ended on that date of the Company.
- 2. In the Directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.
- 3. We are not aware of any circumstances which would render any particulars in the financial statements to be misleading or inaccurate.

This declaration is made in accordance with a resolution of the Board of Directors pursuant to s.41C of the Public Finance and Audit Act 1983 (NSW).

ARB woulfout.

Professor Alan Broadfoot Director

Dated 21 March 2019

Mr Paul Dunn Director

### THE UNIVERSITY OF NEWCASTLE RESEARCH ASSOCIATES (TUNRA) AUDITOR'S INDEPENDENCE DECLARATION FOR THE YEAR ENDED 31 DECEMBER 2018

To the Directors The University of Newcastle Research Associates Limited

#### Auditor's Independence Declaration

As auditor for the audit of the financial report of The University of Newcastle Research Associates Limited for the year ended 31 December 2018, I declare, to the best of my knowledge and belief, there have been no contraventions of:

- the auditor independence requirements of the Corporations Act 2001 in relation to the audit
- any applicable code of professional conduct in relation to the audit.

James Sygeman

James Sugumar Director, Financial Audit Services

18 March 2019 SYDNEY

### THE UNIVERSITY OF NEWCASTLE RESEARCH ASSOCIATES (TUNRA) INDEPENDENT AUDITOR'S REPORT FOR THE YEAR ENDED 31 DECEMBER 2018

#### INDEPENDENT AUDITOR'S REPORT

#### The University of Newcastle Research Associates Limited

To Members of the New South Wales Parliament and Members of The University of Newcastle Research Associates Limited

#### Opinion

I have audited the accompanying financial report of The University of Newcastle Research Associates Limited (the Company), which comprises the Income Statement and Statement of Comprehensive Income for the year ended 31 December 2018, the Statement of Financial Position as at 31 December 2018, the Statement of Changes in Equity and Statement of Cash Flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

In my opinion, the financial report:

- is in accordance with the Corporations Act 2001, including:
  - giving a true and fair view of the Company's financial position as at 31 December 2018 and its performance for the year ended on that date
  - complying with Australian Accounting Standards and the Corporations Regulations 2001
- is in accordance with section 41B of the *Public Finance and Audit Act 1983* (PF&A Act) and the Public Finance and Audit Regulation 2015.

My opinion should be read in conjunction with the rest of this report.

#### **Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Report' section of my report.

I am independent of the Company in accordance with the requirements of the:

- Australian Auditing Standards
- Corporations Act 2001
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants' (APES 110).

I have fulfilled my other ethical responsibilities in accordance with APES 110.

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of public sector agencies
- precluding the Auditor-General from providing non-audit services.

### THE UNIVERSITY OF NEWCASTLE RESEARCH ASSOCIATES (TUNRA) INDEPENDENT AUDITOR'S REPORT FOR THE YEAR ENDED 31 DECEMBER 2018

I confirm the independence declaration, required by the *Corporations Act 2001*, provided to the directors of the Company on 18 March 2019, would be in the same terms if provided to the directors as at the time of this Independent Auditor's Report.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

#### **Other Information**

Other information comprises the information included in the Company's annual report for the year ended 31 December 2018, other than the financial report and my Independent Auditor's Report thereon. The directors of the Company are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprises the Director's Report.

My opinion on the financial report does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

#### Directors' Responsibilities for the Financial Report

The directors of the Company are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards, the PF&A Act, *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

#### Auditor's Responsibilities for the Audit of the Financial Report

My objectives are to:

- obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial report.

A description of my responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: <a href="http://www.auasb.gov.au/auditors">www.auasb.gov.au/auditors</a> responsibilities/ar4.pdf. The description forms part of my auditor's report.

### THE UNIVERSITY OF NEWCASTLE RESEARCH ASSOCIATES (TUNRA) INDEPENDENT AUDITOR'S REPORT FOR THE YEAR ENDED 31 DECEMBER 2018

My opinion does not provide assurance:

- · that the Company carried out its activities effectively, efficiently and economically
- about the security and controls over the electronic publication of the audited financial report on any website where it may be presented
- about any other information which may have been hyperlinked to/from the financial report.

Fames Sugeman

# FOR THE YEAR ENDED 31 DECEMBER 2018

# **1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

UON Singapore Pte Ltd ('the Company') is a company limited by shares incorporated in Singapore. It is a controlled entity of the University of Newcastle.

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated. The amounts presented are in Australian Dollars. The Company is a for profit entity that was established and has its domicile in Singapore. The financial statements are prepared in Australia to meet the reporting obligations under the *Public Finance and Audit Act 1983*.

The principal place of business of UON Singapore Pte Ltd is: 6 Temasek Boulevard #10-02/03, Suntec Tower 4 Singapore 038986

The principal activities of the Company are creating, developing and delivering educational programs in business, management and related fields on behalf of the University of Newcastle.

## (a) Basis of preparation

The general purpose financial statements of UON Singapore Pte Ltd, have been prepared on an accruals basis in accordance with Australian Accounting Standards - Reduced Disclosure requirements as issued by the Australian Accounting Standards Board in AASB 1053 Application of Tiers of Australian Accounting Standards.

Additionally the statements have been prepared in accordance with following statutory requirements:

- Public Finance and Audit Act 1983 (NSW)
- Public Finance and Audit Regulations 2015

## Date of authorisation for issue

The financial statements were authorised for issue by the members of UON Singapore Pte Ltd on 20 March 2019.

## Historical cost convention

These financial statements have been prepared under the historical cost convention, except for certain classes of financial assets and liabilities that are measured at fair value.

## Critical accounting estimates

The preparation of financial statements in conformity with Australian Accounting Standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying UON Singapore Pte Ltd's accounting policies. The estimates and underlying assumptions are reviewed on an ongoing basis.

# FOR THE YEAR ENDED 31 DECEMBER 2018

# 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# (b) Foreign currency translation

#### (i) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment (Singaporean) in which the entity operates ('the functional currency').

The Company's financial statements are presented in Australian dollars, which is the University of Newcastle's functional and presentation currency.

#### (ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the income statement. Qualifying cash flow hedges and qualifying net investment hedges in a foreign operation shall be accounted for by recognising the portion of the gain or loss determined to be an effective hedge in other comprehensive income and the ineffective portion in profit or loss.

If gains or losses on non-monetary items are recognised in other comprehensive income, translation gains or losses are also recognised in other comprehensive income. Similarly, if gains or losses on non-monetary items are recognised in profit or loss, translation gains or losses are also recognised in profit or loss.

#### (c) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances rebates and amounts collected on behalf of third parties.

The Company recognises revenue when the control of a good or service transfers to a customer, either at a point in time or over time.

Revenue is recognised for the major business activities as follows:

## (i) Student fees and charges

Fees and charges are recognised as income in the year the course is provided. Student fees are fixed for each course module. Revenue is recognised after each course module has been delivered to the student, which is normally at the end of each trimester when the student has received and used the benefits of the module.

#### (ii) Consultancy and contracts

Consultancy and contract revenue is recognised when the performance obligations of the contract are met.

#### (iii) Other revenue

Other income represents miscellaneous income which is not derived from core operations and is recognised as income when control transfers to the customer.

# **UON SINGAPORE** NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

# 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## (d) Income tax

The Company is subject to income tax under Singaporean Legislation.

The income tax expense or revenue for the period is the tax payable/receivable on the current period's taxable income based on the national income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences between the tax bases of assets and liabilities and their carrying amounts in the financial statements, and to unused tax losses.

Deferred income tax is provided if material to the Company, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, the deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction (other than a business combination) that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses, only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax liabilities and assets are not recognised for temporary differences between the carrying amount and tax bases of investments in controlled entities where the parent entity is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Current and deferred tax assets and liabilities relating to the same taxation authority are offset when there is a legally enforceable right to offset current tax assets and liabilities and they are intended to be either settled on a net basis, or the asset is to be realised and the liability settled simultaneously. Current and deferred tax balances attributable to amounts recognised outside profit or loss are also recognised outside profit or loss.

The Company is exempt from income tax in Australia.

## (e) Impairment of assets

Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and its value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows which are largely independent of the cash inflows from other assets or groups of assets (cash generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

## (f) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other shortterm, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the statement of financial position.

## (g) Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less loss allowance (expected credit losses). Trade receivables are due for settlement no more than 30 days from the date of recognition and therefore classified as current.

# FOR THE YEAR ENDED 31 DECEMBER 2018

# 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## (h) Fair value measurement

The fair value of financial assets and financial liabilities must be measured for recognition and disclosure purposes.

The Company classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements.

The fair value of assets or liabilities traded in active markets (such as publicly traded derivatives, and other securities) is based on quoted market prices for identical assets or liabilities at the end of the reporting period (level 1). The quoted market price used for assets held by the Company is the most representative of fair value in the circumstances within the bid-ask spread.

The carrying value of trade receivables and payables are assumed to approximate their fair values due to their short-term nature. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Company for similar financial instruments.

## (i) Plant and equipment

Plant and equipment is stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Cost may also include gains or losses that were recognised in other comprehensive income on qualifying cash flow hedges of foreign currency purchases of plant and equipment.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Depreciation on plant and equipment is calculated using the straight line method to allocate its cost, net of its residual values, over its estimated useful lives, as follows:

	2018	2017
Plant and equipment	2 - 10 years	2 - 10 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each reporting date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

## (j) Repairs and maintenance

Repairs and maintenance costs are recognised as expenses as incurred, except where they relate to the replacement of a component of an asset, in which case, the costs are capitalised and depreciated. Other routine operating maintenance, repair and minor renewal costs are also recognised as expenses, as incurred.

# FOR THE YEAR ENDED 31 DECEMBER 2018

# 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## (k) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year, which are unpaid. The amounts are unsecured and are usually paid within 30 days following the end of the month they are recognised.

## (I) Provisions

Provisions for legal claims and service warranties are recognised when: the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the reporting date. The discount rate used to determine the present value reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as a finance cost.

## (m) Employee benefits

## (i) Short-term obligations

Liabilities for short-term employee benefits including wages and salaries and non-monetary benefits are measured at the amount expected to be paid when the liability is settled, if it is expected to be settled wholly before 12 months after the end of the reporting period, and is recognised in other payables. Liabilities for non-accumulating sick leave are recognised when the leave is taken and measured at the rates payable.

## (ii) Other long-term obligations

The liability for other long-term benefits are those that are not expected to be settled wholly before 12 months after the end of the annual reporting period. Other long-term employee benefit is annual leave liabilities.

It is measured at the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

Regardless of the expected timing of settlements, provisions made in respect of employee benefits are classified as a current liability, unless there is an unconditional right to defer the settlement of the liability for at least 12 months after the reporting date, in which case it would be classified as a non-current liability.

# FOR THE YEAR ENDED 31 DECEMBER 2018

# 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# (m) Employee benefits (continued)

## (iii) Termination benefits

Termination benefits are payable when employment is terminated before the normal retirement date, or when an employee accepts an offer of benefits in exchange for the termination of employment. The Company recognises the expense and liability for termination benefits either when it can no longer withdraw the offer of those benefits or when it has recognised costs for restructuring within the scope of AASB 137 *Provisions, Contingent Liabilities and Contingent Assets* that involves the payment of termination benefits. The expense and liability are recognised when the Company is demonstrably committed to either terminating the employment of current employees according to a detailed formal plan without possibility of withdrawal or providing termination benefits as a result of an offer made to encourage voluntary redundancy.

Termination benefits are measured on initial recognition and subsequent changes are measured and recognised in accordance with the nature of the employee benefit. Benefits expected to be settled wholly within 12 months are measured at the undiscounted amount expected to be paid. Benefits not expected to be settled before 12 months after the end of the reporting period are discounted to present value.

## (n) Rounding of amounts

Amounts in the financial statements have been rounded to the nearest dollar.

#### (o) Goods and services tax (GST) in Singapore

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the taxation authority. In this case, it is recognised as part of the cost acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the taxation authority is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the taxation authority, are presented as operating cash flows.

There are no transactions in Australia requiring GST reporting to the Australian Taxation Office.

## (p) Comparative amounts

Where necessary, comparative information has been reclassified to enhance comparability in respect of changes in presentation adopted in the current year.

# FOR THE YEAR ENDED 31 DECEMBER 2018

# 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# (q) New accounting standards and interpretations

The following new accounting standards and interpretations have been published that are not mandatory for 31 December 2018 reporting periods and have not been early adopted by the Company:

# • AASB16 Leases

AASB 16 will result in almost all leases being recognised on the balance sheet as the distinction between operating and finance leases is removed. Under the new standard, an asset (right of use) and a financial liability to pay rentals are recognised. The only exceptions are short-term and low-value leases. As at the reporting date, the Company has non-cancellable operating lease commitments of \$462,854. Of these commitments, approximately \$19,891 relate to short term leases and \$17,077 to low value leases. For the remaining lease commitments the Company expects to recognise a right of use asset and a corresponding lease liability.

# (r) Adoption of new and revised accounting standards

The Company has adopted the following standards which are effective for the first time for the financial year beginning 1 January 2018:

- AASB9 Financial Instruments
- AASB15 Revenue from Contracts with Customers
- Interpretation 22 Foreign Currency Transactions and Advance Consideration

The adoption of these standards has not caused any material adjustments to the reported financial position, performance or cash flow of the Company.

# (e) Terms and conditions

All transactions with related parties were conducted under normal terms and conditions.

# 17 EVENTS OCCURRING AFTER THE REPORTING DATE

No matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the Company, the results of those operations or the state of affairs of the Company in future financial years.

# 18 FINANCIAL RISK MANAGEMENT

The Company's activities expose it to a variety of financial risks: market risk (including foreign currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk. The Company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Company.

Risk management is carried out under the direction of the Board of Directors.

# **UON SINGAPORE** NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

# 18 FINANCIAL RISK MANAGEMENT (CONTINUED)

## (a) Market risk

#### (i) Foreign exchange risk

The Company operates internationally and is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to the Singapore and Australian dollar.

Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities that are denominated in a currency that is not the Company's functional currency. The risk is measured using sensitivity analysis and cash flow forecasting.

Management has set up a policy to manage their foreign exchange risk against their functional currency.

At 31 December 2018, had the Australian dollar moved by 10% against the Singapore dollar with all other variables held constant, the net result after income tax for the year would have changed by ±\$95,680 (2017: ±\$79,096), mainly as a result of foreign exchange gains/losses on translation of Singapore dollar denominated trade and related party payables.

The carrying amounts of the Company's and parent entity's trade and other payables are denominated in the following currencies:

	2018	2017
	\$	\$
Singapore Dollars	780,592	550,956
Australian Dollars	956,796	790,960

(ii) Price risk

The Company does not have any investments in equity securities and as such is not exposed to price risk.

(iii) Cash flow and fair value interest rate risk

The Company's main interest rate risk arises from cash and cash equivalents. At 31 December 2018, if interest rates had changed by  $\pm$  1% from the year end rates with all other variables held constant, the net result after income tax for the year would have changed by  $\pm$ \$38,627 (2017:  $\pm$ \$37,540), mainly as a result of higher/lower interest income from cash and cash equivalents.

# (b) Credit risk

Credit risk arises from cash and cash equivalents, and deposits with banks and financial institutions, as well as outstanding receivables and committed transactions. For banks and financial institutions, only independently rated parties with a minimum rating of 'BBB+' are accepted. Trade receivables consist of student fees revenue and ongoing credit evaluation is performed on the financial condition of accounts receivable.

The impairment of trade receivables and other receivables are subject to the expected credit loss model to which the company applies the AASB9 simplified approach to measuring expected credit losses.

## (c) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding through an adequate amount of committed credit facilities and the ability to close out market positions. Due to the dynamic nature of the underlying businesses the Board aims at maintaining flexibility in funding by keeping sufficient cash reserves on hand.

# UON SINGAPORE DIRECTOR'S DECLARATION

# FOR THE YEAR ENDED 31 DECEMBER 2018

The Directors of the Company declare that:

- 1. The financial statements and notes:
  - a. comply with Australian Accounting Standards Reduced Disclosure requirements which include the Australian Accounting Interpretations;
  - b. comply with the Public Finance and Audit Act 1983 (NSW), and the Public Finance and Audit Regulation 2015; and
  - c. give a true and fair view of the financial position as at 31 December 2018 and financial performance for the year ended on that date of the Company.
- 2. In the Directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.
- 3. We are not aware of any circumstances which would render any particulars in the financial statements to be misleading or inaccurate.

This declaration is made in accordance with a resolution of the Board of Directors pursuant to s.41C of the Public Finance and Audit Act, 1983 (NSW).

Director

# UON SINGAPORE INDEPENDENT AUDITOR'S REPORT FOR THE YEAR ENDED 31 DECEMBER 2018

# INDEPENDENT AUDITOR'S REPORT

**UON Singapore Pte Ltd** 

To Members of the New South Wales Parliament and Members of UON Singapore Pte Ltd

## Opinion

I have audited the accompanying financial statements of UON Singapore Pte Ltd (the Company), which comprises: the Income Statement and Statement of Comprehensive Income for the year ended 31 December 2018, the Statement of Financial Position as at 31 December 2018, the Statement of Changes in Equity and Statement of Cash Flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

In my opinion, the financial statements:

- give a true and fair view of the financial position of the Company as at 31 December 2018, and of its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards
- are in accordance with section 41B of the *Public Finance and Audit Act 1983* (PF&A Act) and the Public Finance and Audit Regulation 2015.

My opinion should be read in conjunction with the rest of this report.

## **Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of my report.

I am independent of the Company in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants' (APES 110).

I have fulfilled my other ethical responsibilities in accordance with APES 110.

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- · mandating the Auditor-General as auditor of public sector agencies
- precluding the Auditor-General from providing non-audit services.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

# UON SINGAPORE INDEPENDENT AUDITOR'S REPORT FOR THE YEAR ENDED 31 DECEMBER 2018

# Other Information

Other information comprises the information included in the Company's annual report for the year ended 31 December 2018, other than the financial statements and my Independent Auditor's Report thereon. The Directors of the Company are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprises the directors' declaration.

My opinion on the financial statements does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

# **Directors' Responsibilities for the Financial Statements**

The directors of the Company are responsible for the preparation and fair presentation of the financial statements in accordance with Australian Accounting Standards and the PF&A Act, and for such internal control as the directors determine is necessary to enable the preparation and fair presentation of the financial statements that is free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

## Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to:

- obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial statements.

A description of my responsibilities for the audit of the financial statements is located at the Auditing and Assurance Standards Board website at: <a href="http://www.auasb.gov.au/auditors\_responsibilities/ar4.pdf">www.auasb.gov.au/auditors\_responsibilities/ar4.pdf</a>. The description forms part of my auditor's report.

# UON SINGAPORE INDEPENDENT AUDITOR'S REPORT FOR THE YEAR ENDED 31 DECEMBER 2018

My opinion does not provide assurance:

- · that the Company carried out its activities effectively, efficiently and economically
- about the security and controls over the electronic publication of the audited financial statements on any website where it may be presented
- about any other information which may have been hyperlinked to/from the financial statements.
