

Callaghan Campus

Catching the shuttle bus just got easier

Catching a shuttle bus on campus just got easier with the release of a new app designed for your smartphone. No need to ring to find out how far away the shuttle bus is.

DoubleMap not only maps out the five routes of the free shuttle bus at the Callaghan campus, it uses satellite mapping technology to show real-time locational targeting – so you'll always know exactly when the next bus will come along.

The shuttle bus on the Newcastle campus runs from 8am to 6pm – with an after hours shuttle service operating from 6.30pm till midnight. This service not only takes you around campus after dark – it also includes trips to nearby suburbs such as Jesmond, Shortland, Birmingham Gardens and Waratah West. For an after hours pick up you will need to call 0407 951 470.

Use the DoubleMap app to keep track on the shuttle buses.

Download the app at the iPhone App Store or the Google Play Store today.
