

CENTRE OF EXCELLENCE IN
SEVERE ASTHMA

Innovative solutions for severe asthma

Optimising OCS use in severe asthma in the era of biologic agents

**CRE IN SEVERE ASTHMA WEBINAR | 15 November 2018, 1 - 2 PM
HUNTER MEDICAL RESEARCH INSTITUTE | CAVES THEATRE**

Prof. Andrew Menzies-Gow (Imperial College, Royal Brompton Hospital)

Professor Andrew Menzies-Gow is the clinical lead for severe asthma and the director of the Lung Division at the Royal Brompton Hospital. He is a Professor of Practice (Respiratory Medicine) at Imperial College where his research interests include novel therapies for severe asthma. He was the chair of the NICE Guideline Development Group for Asthma: Diagnosis and Monitoring and is a member of the Clinical Reference Group for Specialised Adult Respiratory Medicine for NHS England leading on the commissioning of severe asthma services.

Prof. Menzies-Gow's travel and catering are provided by AstraZeneca

Refreshments will be provided before the seminar, starting from 12:30PM (Haggerty space).

Prof. Menzies-Gow will be available for meetings in the afternoon following the seminar. If you would like to arrange a meeting time, please contact the email address below:

To attend the **public lecture** please RSVP for catering, by email to severeasthma@newcastle.edu.au

Registration

This presentation will be available online, as a webinar. To register for the **webinar** please go to: <https://attendee.gotowebinar.com/register/778600861092949261>

After the event, the webinar will be made available through the Centre of Excellence in Severe Asthma website (<https://www.severeasthma.org.au/thunderstorm-asthma-update/>).
