

## Central Coast Campus

### Catching the shuttle bus just got easier

Catching a shuttle bus on campus just got easier with the release of a new app designed for your smartphone. No need to ring to find out how far away the shuttle bus is.

DoubleMap not only maps out the route of the free shuttle bus at the Central Coast campus, it uses satellite mapping technology to show real-time locational targeting – so you'll always know exactly when the next bus will come along.

The shuttle bus at the Central Coast campus operates between 5pm and 10pm on the Loop Road.

You will still need to call 0414 411 799 to request a pick up. This shuttle bus can also extend pick up and drop off to the Ourimbah Railway Station on request.

Use the DoubleMap app to keep track on the shuttle bus.

Download the app at the iPhone App Store or the Google Play Store today.
