

NOMINATION FORM

AUSTRALIAN GOVERNMENT RESEARCH TRAINING PROGRAM (RTP) SCHOLARSHIPS - ACADEMIC PATHWAY SCHEME

This Nomination Form is to be used by a supervisor to nominate an applicant for the Australian Government Research Training Program - Academic Pathway Scheme. Please note Part A and B is to be completed by the applicant. This nomination form is to be uploaded along with supporting documentation to your application for admission to a HDR program by 30 November 2025. Applicants can apply while awaiting their honours grade.

The University offers a limited number of these prestigious Australian Government Research Training Program funded scholarships to selected prospective applicants who have demonstrated a proven capacity for research, academic merit and potential to develop the requisite skills to make an ongoing impact in their academic careers. The Academic Career Preparation (ACP) pathway associated with this scholarship scheme provides candidates with the opportunity for an academic training experience beyond the research experience.

Nominator Name:

College:

NOMINEE DETAILS

Family Name:

Given Name:

Student Number (if applicable):

Email:

Discipline or Program of interest:

Domestic candidate:

Either an Australian citizen, New Zealand citizen (or dual citizenship holder of either Australia or New Zealand), Australian permanent resident or Australian humanitarian visa holder

UNIVERSITY RESEARCH PRIORITIES

Hunter Medical Research Institute

Discoveries and Innovations in Healthcare

Delivering new medical breakthroughs by exploring innovative technologies, techniques and ideas that pave the way for the future of healthcare

Environmental Health and Disasters

Understanding how environmental factors, climate change, disasters and other hazards shape disease patterns, our physical and mental health, and community resilience.

Resilient Health and Wellbeing

Empowering our communities to live better, healthier lives with new knowledge and new resources that support lifestyle practices, health behaviours and health equity

Institute for Regional Futures

Regions in Transition

Supporting economic development, diversification and social infrastructure to create strong and resilient regions

Safe and Resilient Communities

Creating safer, more connected communities through the transformative power of education, collaboration and social justice

First Nations Collaboration

Embedding the knowledge, histories and methodologies of our First Nations people to benefit all

Newcastle Institute for Energy and Resources

Powering the Future

Unlocking new energy solutions, new economies and a net zero future through innovative technologies, materials and fuels

Next Generation Resources

Meeting the resource needs of the future through sustainable innovations that support our minerals, metals, food and water sectors

Environmental Sustainability and Security

Balancing environmental, economic and social priorities to protect regional resilience, sustainability and prosperity
