Welcome to Student Living!

Living on campus is a life-changing experience, and we're really excited that you will be joining our vibrant Callaghan campus community!

Student Living's hope is for all residents to have a home that is safe, fun, and vibrant. We aim to offer opportunities for residents to build lifelong friendships, to celebrate diversity, to listen and learn from one another, and to build life skills whilst navigating living with others and studying.

Moving out of, or away from, home can be a daunting process so we've put together some information that will hopefully make your preparations to move in (and your first couple of weeks living on campus) more comfortable.

First things first

Student Living Standards

The [Student Living Standards](#) set out expectations and standards for all members of the Student Living community. Student Living will provide support along the way to guide residents to meet these expectations so that together we can create and maintain a fulfilling experience for all residents. Please read through the [Standards](#) before you arrive on site.

This welcome guide does not replace the Standards in any way, but rather has been developed to answer common questions students ask when preparing to move on to campus.

Housemate Handbook

Please familiarise yourself with our [Housemate Handbook](#).

Inside you'll discover tips on how to make friends, create connections, contribute to your new living environment, navigate difficult conversations and be the best housemate possible!

Move-In Day

The official Move-In Day for our new 2024 Standard Stay or Semester 1 contract residents is **Saturday 3 February 2024 from 9:00am-4:00pm.**

If you are going to be living in West Tower, East Tower, North Tower, South Tower or Evatt House, you can check in at Student Living Reception which is on the ground floor of West Tower.

For those moving into Barahineban, Edwards Hall (Self-Catered and Main Hall) and International House, please head to Edwards Hall Dining Hall to check in.

When you check in on Saturday 3 February, you'll meet our fabulous Residential Mentors and kick-start your on-campus experience. We encourage you to arrive on this day to ensure your move in is as smooth as possible. We are happy to welcome guests on Move-In Day, as we understand moving away from home can be a huge step, and that our residents might need a bit of support. We ask that all guests depart from the Student Living precinct by 4pm on Move-In Day.

If you are unable to check in on Move-In Day, our team will also be available on Sunday 4 February, between 10am-2pm at the Student Living Office at West Residence.

Unfortunately, we are unable to accommodate out-of-hours check-ins. If you are not planning to arrive on Saturday 3 February or Sunday 4 February, you are welcome to check in the following week, during our normal office hours - Monday to Friday, 9:30am to 4:00pm.

Student Card

If you are yet to upload your photo for your University of Newcastle student card, please follow the instructions [here](#). Any queries you may have about student cards are best directed to [ASKUON](#).

You will need to attend a brief session between Monday 5 and Wednesday 7 February. These sessions are designed to give you an opportunity to meet some of the Student Living team and ask any questions you might have. The time and date will be confirmed by your Residential Mentor closer to the day and will vary between the Residences.

Consent Labs (COMPULSORY)

Here at Student Living, we prioritise healthy, respectful relationships. Therefore, all new residents must attend a Consent Labs workshop on Tuesday 6 February. Each Residence has a specific session time, and the workshops run for approx. 90 minutes.

If you would like more info about what Consent Labs is before your arrival, please check out the [Consent Labs](#) website. If you would like support or to talk to someone in relation to the Consent Labs content, please reach out to studentlivingsupport@newcastle.edu.au or [Campus Care](#).

Meal plans

For information on the meal plan offering and how to apply please [click here](#).

For those living in Edwards Hall Main Hall, you will have access to seven (7) dinners per week and the cost is included in your room fees. Main Hall residents are welcome to prepare their own breakfasts and lunches in the kitchenettes or visit one of the retail options on campus. If you are living in another residence you are still welcome to visit the Dining Hall. Your options are a five (5) dinner per week plan, a seven (7) dinner per week plan or you can buy casual meals as and when you need.

Inventory inspection

As per Section 24 of the Student Living Occupancy Agreement, in order to confirm the condition of your room upon check-in, we ask you to please complete a room inventory/check-in inspection report available on the Student Living Portal as soon as possible after move in. It is important that you complete this report with as much detail as possible as this record will be used to assess your room condition following check out. Further to this, should you not agree to the condition of an item (see below) we will clarify this with you and may result in a maintenance request being lodged on your behalf.

Please see below for instructions on how to complete the form:

- Log onto the Student Living Portal
- Select the 'Room Inventory Form' tab at the top of the screen
- Select the '2024 Check In Inspection' and then click 'review'.
- Please review all inventory details.
- If you accept the condition of the item, click the 'agree' option next to the item and add a comment if required.
- If you do not accept the condition of an item, do not click the 'agree' option next to the item. You are then required to add a comment by clicking 'More information' to describe why you do not agree with the proposed condition of the item. Our Facilities Team will then review the item to determine whether it needs repair, replacement, or needs to be simply noted under your room type.
- Click 'Save Review' to submit your Room Inventory Form.

Please complete the form within one week of your-check in. If your form is not completed by this time, it will be assumed that you have agreed with the proposed condition of the item at the time of move in.

Maintenance requests

If you have any maintenance issues, you're able to log a request for our team to assist you with (ie. blown light bulb, broken towel rail etc.)

How to log a maintenance request:

- Log into the portal
- Select the 'Maintenance and Cleaning' tab which is located across the top bar or in the drop-down (three lines) menu on the left-hand side.
- At the bottom of the page, you can select 'New Job'
- From there include details of where, category, item and leave a note about the specifics of the maintenance request
- Select 'Save Job'

What happens next?

Student Living team receives the job request and organises with external contractors to inspect the issue. Some cases may require new parts to be ordered or further planning before maintenance is performed. If it's something minor such as a light bulb for a desk lamp, Ethernet cable, kettle or toaster, the maintenance team will advise you when the item is ready to be collected from the Student Living Reception.

Personal and household safety

Lockouts - When you lock yourself out of your room and call for help to re-enter it is considered to be a 'lockout'. Whenever you leave your apartment please remember to have your room key with you and that you have locked your bedroom and apartment doors.

Door breaches - Your safety and security is our highest priority and it is really important that residents keep front/apartment doors locked. Propping doors open or leaving them unlocked and unattended is a safety risk and we ask our community to look after themselves and their fellow residents.

All things finance

Room fees

The Room Fees in Advance payment you made when accepting your accommodation offer covers the first two weeks from your contract start date.

For most of our residents with a contract starting on Saturday 3 February, your first room fee payment will be due on the 8th of February.

More due dates can be viewed by following the [Student Living Direct Debit Schedule](#).

If you have concerns about meeting the due dates on the Direct Debit Schedule, please contact **StudentLiving-Finance@newcastle.edu.au** to discuss your circumstances further.

Direct debit and manual payments

Direct Debit or direct withdrawal is a financial transaction in which the University of Newcastle automatically withdraws funds from the resident's Visa or Mastercard. Direct Debit runs once per fortnight on the dates listed on the Direct Debit schedule .

If you prefer not to set up an automated Direct Debit, you are welcome to make manual payments for your room fees each fortnight through the Student Living Portal. Please note that the same payment due dates noted in the Direct Debit schedule apply for manual payments also.

For more information on how to set up Direct Debit or how to process a manual payment please visit the [Student Living Portal](#).

Invoices

If you wish to make a lump sum payment for a full semester or full year, or if your Student Living fees are being paid partially or in full by a third party requiring an invoice, please contact **StudentLiving-Finance@newcastle.edu.au** to request an invoice. Payment for a standard invoice is required within two weeks of the date of issue.
