Dear Ms Mason

**Bioresources Facility Building – The University of Newcastle, Callaghan Campus (SSD 8937)**

Thank you for your letter dated 16 January requesting Transport for NSW (TfNSW) provide feedback for the Environmental Impact Statement (EIS) for the above State Significant Development (SSD).

TfNSW supports the key issues outlines in the Secretary's Environmental Assessment Requirements (SEARs) issued by the Department of Planning and Environment and has no further comments at this stage of the planning process.

If you require further clarification regarding this matter, please don't hesitate to contact Lee Farrell, Transport Planner, 8265 9943 or [lee.farrell@transport.nsw.gov.au](mailto:lee.farrell@transport.nsw.gov.au) I trust this has been of assistance.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Mark Ozinga'.
