# MA & MORLEY SCHOLARSHIP PROGRAM

Transforming Lives Through Global Citizenship and Leadership

The Ma & Morley Scholarship Program is a transformative initiative designed to inspire and empower students to become future leaders committed to social justice, equity, and sustainability. Founded through a generous gift from Chinese entrepreneur, Jack Ma, to honour his friend and mentor, Ken Morley, the Program provides values-based leadership and immersive experiences that foster global citizenship, social consciousness and personal growth.

## PARTNERSHIP CAPABILITIES

We offer opportunities for collaboration and engagement through:

- **Student Mentorship:** Connect with Scholars to share industry insights and career guidance
- **Program Sponsorship:** Support immersive learning experiences and leadership development
- **Community Engagement:** Partner on initiatives that promote equity, sustainability, and cultural exchange

## PROVEN IMPACT

The program has delivered meaningful outcomes:

- **Leadership Development:** Alumni have gone on to lead social enterprises, community initiatives, and advocacy campaigns
- **Global Exposure:** Scholars participate in international study tours and cultural exchanges
- **Social Impact:** Projects led by scholars have addressed issues such as climate change, Indigenous rights, and mental health

## BREAKING THE CYCLE OF HOMELESSNESS

One Scholar, Natalia Hogan, is determined to give back to the community that gave her hope and a home when she had nothing. By running 170km from Sydney to Newcastle, she aims to raise awareness and \$122,000 for the Samaritans' Student Accommodation for 16-25 year olds at risk of homelessness. Her journey can be supported at [www.neddsuncomfortablechallenge.com/runninghome](http://www.neddsuncomfortablechallenge.com/runninghome).
