

# Accessing Course Readings in Blackboard

Course Readings is included in the menu of your Blackboard course:

Access this page to set up Course Readings for your course.

Click on the **Course Readings** link on the page. This will launch the electronic course readings software.

**Course Readings** ✓

Click the link above to access your list of course readings. This is where you will find links to the readings that your course coordinator has selected for this course, including journal articles, books, ebooks, book chapters and video content.

## Next Steps

Check out our [user guides and videos](#) for detailed instructions on how to use the Course Readings system.
