WOMEN IN **MBA** PROGRAM (WIMBA)

WHAT IS WIMBA

The WiMBA initiative aims to redress the gender equity imbalance by offering scholarships to female students in partnership with leading organisations in Newcastle and the Hunter Region. WiMBA provides the leadership skills and strategic perspective to move female students into senior management and executive positions.

WHY STUDY AT THE UON

The University of Newcastle is a leader in university education, with a reputation for high quality teaching and learning and exciting, contemporary academic programs. The University of Newcastle offers students an engaged approach to learning through programs that integrate study with practical experience, paid employment and research. With practical work placement an assessable part of more than 90 per cent of programs offered across all five faculties, our career-ready graduates have some of the highest starting salaries in Australia.

The University of Newcastle's Business School (NBS) has received international acclaim for its programs through accreditation from USA-based Association to Advance Collegiate Schools of Business (AACSB). AACSB Accreditation is the hallmark of excellence in business education, and has been earned by fewer than five per cent of the world's business programs. The accreditation places NBS in the leading institutions internationally.

STRUCTURE OF WIMBA

Female students undertaking WiMBA are expected to complete an MBA degree part time and within four years of date from enrolment. The partnership has three key components:

Financial – The UON will pay 25% of the total cost of an MBA course and the industry partner will pay 25% of the total cost of the MBA. This means the WiMBA scholarship holder will still contribute 50% of the total fee.

On-the-ground – the employer will provide practical support to enable the recipient to attend class, undertake additional study and complete assignments.

Guidance and advice – the employer will pair recipients with in-house mentors/sponsors to provide them with guidance, support and advice throughout their MBA program and also in helping them to develop their post-MBA career pathway. In addition to the WiMBA Scholarship, students will be mentored by Dr Eileen Doyle who has had an exceptional career in large corporations across Newcastle and Sydney, which has spanned more than three decades.
