* Electives may be chosen from any non-restricted course offered by the University, including any from the approved B Science courses (maximum 80 units of electives)

An Approved Bachelor of Science course is any course listed in the B Science program.

Students should have all the following boxes ticked to be eligible for the degree:

- A total of 240 units
- Minimum of 160 units of approved B Science courses (light grey and dark grey cells) comprising:
  - At least 90 units of approved courses from a major (light grey)
  - Minimum of 60 units of approved B Science courses at 1000 level
  - Minimum of 60 units of approved B Science courses at 3000 level including 40 units from the major
  - No more than 100 units at 1000 level
  - One pair of major sequence at 1000 level
