

Estimate your Fees

Use this table to work out an estimate of your tuition fee.

1. Record your **course (subject) code** in **column A**
2. Record the **tuition fee** for that course code in **column B**
3. Add all the fees in column B to get an **estimate of your tuition fee (C)**
4. Insert your **SSAF fee** at **D**
5. Add cells **C** and **D** to get an **estimate of your fees** and record this at **E**

	A Course code prefix	B Fee per course \$
	<i>You can find your enrolment details on myHub or check the requirements of your program in our degree finder</i>
