

# Bachelor of Environmental Science and Management

## Summary of Course Changes for Introduction from 2011

New Course			Course Being Replaced		
Course Code	Title	Proposed Introduction	Course Code	Title	Last Year of Offer
ENVS1001	Environmental Science Concepts & Methods	2011	ENVS1060	Environmental Chemical & Phys Processes	2010
ENVS1002	Environmental Concepts: Living World	2011			
ENVS1003	Environmental Values & Ethics	2011	ENVS1020	Environmental Values & Ethics	2010
ENVS1004	Social Development & the Environment	2012	EMGT1020	Social Development & the Environment	2011
			and SRMT1020	SRM: Social Systems	2011
ENVS2001	Environmental Concepts: Energy	2012	ENVS2040	Energy & the Environment	2011
ENVS2002	Environmental Legislation & Planning	2012	ENVS2010	Environmental Legislation & Planning	2011
ENVS2004	Ecology	2012	BIOL2070	Ecology	2011
ENVS2005	Ecology & Management of Australian Flora	2012	EMGT2040	Australian Flora	2011
ENVS2006	Ecology & Management of Australian Fauna	2012	EMGT2050	Ecology & Management of Australian Fauna	2011
			and SRMT2040	SRM: Biodiversity	
ENVS2008	The Sustainable Society	2012	EMGT2020	The Sustainable Society	2011
ENVS2009	Catchments & Water Supply	2012			2011
ENVS3001	Integrated Impact Assessment	2012	EMGT3110	Integrated Impact Assessment	2011
			and SRMT3020	Social Impact Assessment	2011
ENVS3002	Applied Environmental Science	2012	ENVS3020	Applied Environmental Science	2011
ENVS3003	Conservation Biology	2012	EMGT3030	Conservation Biology	2011
ENVS3004	Ecotoxicology	2011			
ENVS3005	Animal Behaviour	2012			
ENVS3006	Advanced Studies in Sustainability	2012	EMGT3070	Advanced Studies in Sustainability	2011
ENVS3007	Environmental Remediation	2011	EMGT3100	Environmental Remediation	2010
ENVS3008	Project Management & Placement	2012	EMGT3130	Project Management & Placement	2011
ENVS3009	Catchment Management	2012
