240 units	<ol style="list-style-type: none"> In 2013, all SPOR course were re-coded as EXSS courses. If you have already successfully completed a course with a SPOR code, do not complete the same course with an EXSS code. For example, if you have successfully completed SPOR1010, do not complete EXSS1010. It is each student's responsibility to check that he/she is correctly enrolled. To ensure that you have the most current information, this PEC should be read in conjunction with the Program Handbook: http://www.newcastle.edu.au/program/11705.html An Elective course can be any unrestricted course offered at the University.
