

PROGRAM PLAN

BACHELOR OF EDUCATION (SECONDARY)

PROGRAM OPTION 1:
Mathematics – Have not met the requisite for MATH1110, with an Additional Teaching Area

START DATE:
Semester 2, 2018-2021

LOCATION:
Callaghan

This Program Plan is an enrolment guide to ensure you are on track to graduate. If at any time you wish to vary from this program plan seek advice from your Academic Program Advisor to ensure you remain on track.

YEAR 1

SEMESTER 2	EDUC1038 Foundations of Secondary Education CORE	EDUC1103 Schooling, Identity and Society CORE	MATH1002* Foundational Studies in Mathematics COMPULSORY	STAT1070 Statistics for the Sciences COMPULSORY
-------------------	--	---	--	---

Additional academic and non-academic requirements in order to progress into second year education (EDUC) courses.

YEAR 2

SEMESTER 1	EDUC2102 Educational Psychology: Learners and the Learning Process CORE	MATH1110 Mathematics for Engineering, Science and Technology 1 COMPULSORY	MATH2920 Thinking and Working Mathematically COMPULSORY	ADDITIONAL TEACHING AREA
-------------------	---	---	---	---------------------------------

SEMESTER 2	EDUC2151 Multiliteracies CORE	EDUC1090 Specialist Studies in Mathematics 1 COMPULSORY	MATH1120 Mathematics for Engineering, Science and Technology 2 COMPULSORY	ADDITIONAL TEACHING AREA
-------------------	---	---	---	---------------------------------

Additional academic and non-academic requirements in order to progress into second year education (EDUC) courses.

YEAR 3

SEMESTER 1	EDUC1101 Curriculum, Assessment and Pedagogy CORE	EDUC2181 Managing the Learning Environment CORE	EDUC2196 Quality Teaching and Student Learning 7-12 PROFESSIONAL PLACEMENT	MATH2310 Calculus of Science and Engineering COMPULSORY
-------------------	---	---	--	---

SEMESTER 2	EDUC3026 Special Education CORE	MATH DIRECTED A	MATH DIRECTED B	ADDITIONAL TEACHING AREA
-------------------	---	------------------------	------------------------	---------------------------------

YEAR 4

SEMESTER 1	EDUC3090 Specialist Studies in Mathematics 2 COMPULSORY	MATH2340 Linearity and Continuity COMPULSORY	ADDITIONAL TEACHING AREA	ADDITIONAL TEACHING AREA
-------------------	---	--	---------------------------------	---------------------------------

SEMESTER 2	ABOR3500 Aboriginal Education, Policies, and Issues CORE	EDUC2200 The Future of Teaching and Learning CORE	EDUC3196 Quality Teaching, Equity and Diversity 7-12 PROFESSIONAL PLACEMENT	MATH DIRECTED B	ADDITIONAL TEACHING AREA
-------------------	--	---	---	------------------------	---------------------------------

YEAR 5

SEMESTER 1	EDUC4181 Ethical Teaching in Classrooms CORE	EDUC4197 Quality Teaching and Professional Practice 7 – 12 (30 units) PROFESSIONAL PLACEMENT
-------------------	--	--

*Students who do not meet the enrolment requisite for **MATH1110** must complete **MATH1002 Foundational Studies in Mathematics** prior to enrolling in **MATH1110**. For these students **MATH1002** would count in place of 10 units of electives.

Important Information for students who commenced in the program prior to 2021:

- **MATH1110**, **MATH1120** and **MATH2340** have become compulsory courses in the Mathematics Teaching Area.
- The **Advanced Mathematics Pathway**, **Extension Mathematics Pathway** and **Extended Studies** have been **removed** from the program.
- If you were completing the **Extension Mathematics Pathway** there are Compulsory Course **replacements**.
- There have been changes to the **Directed A** and **Directed B** course lists.

Courses completed prior to 2021 will count towards the teaching requirements, however, you **must** refer to **transition arrangements** in the Program Handbook for details of these revisions.

-------------------	---

Important Information for students who commenced in the program prior to 2021:

- **MATH1110**, **MATH1120** and **MATH2340** have become compulsory courses in the Mathematics Teaching Area.
- The **Advanced Mathematics Pathway**, **Extension Mathematics Pathway** and **Extended Studies** have been **removed** from the program.
- If you were completing the **Extension Mathematics Pathway** there are Compulsory Course **replacements**.
- There have been changes to the **Directed A** and **Directed B** course lists.

***EDUC4167 Special Education Internship** has been **added** as a Core Course (Internship) option. Students undertaking the Special Education Discipline Depth must complete **EDUC4167** instead of **EDUC4197 Quality Teaching and Professional Practice 7-12**.

Courses completed prior to 2021 will count towards the teaching requirements, however, you **must** refer to **transition arrangements** in the Program Handbook for details of these revisions.

PROGRAM PLAN

BACHELOR OF EDUCATION (SECONDARY)

To be eligible to graduate make sure you have completed 330 units (10 units = 1 course unless otherwise specified) which meet the following criteria:

- Core courses (including Professional Placement) - 150 units; and
- Mathematics Major - 110 units; and a choice of one of the following:

		<u>Does not</u> meet MATH1110 requisite	Meets MATH1110 requisite
Additional Teaching Area	60 units and 10 units of Electives	Program option 1	Program option 4
TESOL	40 units and 30 units of Electives	Program option 2	Program option 5
Electives	70 units	Program option 2	Program option 5
Special Education	40 units and 30 units of Electives	Program option 3	Program option 6

- Please note that there are different pathways available in this Major based on student's previous **mathematical knowledge**. Students who do not meet the requisites of **MATH1110 Mathematics for Engineering, Science and Technology 1**, must utilise 10 units of Electives to complete **MATH1002 Foundational Studies in Mathematics** prior to enrolling in **MATH1110 Mathematics for Engineering, Science and Technology 1**. This has been outlined in pages 1-3 of this program plan, the plan you follow would then be determined upon whether you are undertaking an additional teaching area, TESOL, electives only or special education.
- Students are required to meet **additional academic and non-academic admission requirements** throughout the first year of the program to ensure progression into second year education courses.
- Some courses have assumed knowledge and/or requisites please refer to the individual **Course Handbook**.
- Students will need to ensure that they meet the registration requirements for all of their teaching areas. Please also refer to further information found at **Bachelor of Education (Secondary) Teaching Area Requirements**.
- It is important to complete the Core courses when they are scheduled on the program plan. However, as long as students adhere to the structural requirements of the program, when directed courses and electives are completed is flexible, within the term and location availability of each course. Please refer to the Course Handbook for individual course details.
- Students must complete a minimum of 40 units at all levels (1000, 2000, 3000 and 4000), and can complete a maximum of 120 units at 1000 level.
- The duration of this program is 4 years full time study (40 units per semester) or part time equivalent.
- The maximum time to complete this program is 10 years.
- Graded Honours is available in the Bachelor of Education (Secondary) (Honours) program, for those students who meet the eligibility requirements. Students have the option of transferring after the completion of 160 units in Bachelor of Education (Secondary). Please see the **Bachelor of Education (Secondary) (Honours) Program Handbook** for information about eligibility and application process for that program.

Some courses have assumed knowledge and/or requisites, please refer to the individual **Course Handbook**. Please refer to the **Program Handbook** for specific information on program structure. If you are intending varying from this program plan please seek advice from your **Academic Program Advisor**.
