Note –

This program will be in teachout from 2021. Students commencing prior to 2021 will be able to complete the Master of Health Science. There have been some changes to the Directed Courses and core course MEDI6160 will not be available. Students who have not completed MEDI6160 prior to 2021 will need to contact the program Convenor regarding possible alternative courses

PROGRAM PLAN

MASTER OF HEALTH SCIENCE

To be eligible to graduate make sure you have completed 80 units (10 units = 1 course unless otherwise specified) which meet the following criteria:

Alcohol and Other Drugs Specialisation

- Specialisation Compulsory courses – 50 units
- Specialisation Directed courses – 30 units visit the [Program Handbook](#) for more information
- Students undertaking the Alcohol and Other Drugs stream are required to do 100 hours of practical experience in MEDI6145 and MED6160 (50 hours in each course)
- The duration of this program is 1 year full time study, or part time equivalent
- The maximum time to complete this program is 4 years
- The above enrolment pattern is a recommended pattern only. Students who are working whilst studying would typically complete 10-20 units per term

Some courses have assumed knowledge and/or requisites, please refer to the individual [Course Handbook](#). Please refer to the [Program Handbook](#) for specific information on program structure. If you are intending varying from this program plan please seek advice from your [Program Advisor](#).
