To be eligible to graduate make sure you have completed 80 units (10 units = 1 course unless otherwise specified) which meet the following criteria:

- Core courses – 30 units (face to face)
- Specialisation and directed courses – 50 units visit the [Program Handbook](#) for more information, (30 units face to face courses as specified in the enrolment guide above)
- General Directed courses – All specialisations to complete 20 units, visit the [Program Handbook](#) for more information. Students who complete no specialisation need to complete 50 units of General Directed courses.
- The approximate duration of this program is 1 year full-time study
- The intake for this program for on-campus international students is Trimester 1, 2 and 3.
- CLAM courses are only offered every second year.
- The above enrolment pattern complies with the conditions of international student visas. Failing to follow this enrolment advice may result in international students not being able to graduate within the period of their Confirmation of Enrolment. The above enrolment guide is the recommended pattern for international on-campus students only. There is overlap between Trimesters and Semesters that needs to be considered when choosing specialisations and enrolling.
- The maximum time to complete this program is 4 years.

Some courses have assumed knowledge and/or requisites, please refer to the individual [Course Handbook](#). Please refer to the [Program Handbook](#) for specific information on program structure. If you are intending varying from this program plan please seek advice from your [Academic Program Advisor](#).
