Wireless Printing is available from your laptop (Windows or MacOS), Windows tablet, or by using Google Chrome on your Android device.

iPads and iPhones do not support uploading files to UoNprint due to a limitation in iOS.
Logging in

1. Open a **web browser** on your laptop, Windows tablet or Android device (you must use Google Chrome from your Android).

2. Type in the web address:
   [http://uonprint.newcastle.edu.au](http://uonprint.newcastle.edu.au)

3. On the UoNprint Login screen, type in your **UniID** (i.e. your **student number**) and the **password** you use to access the Internet.

---

Submitting a print job

You can browse your device to select files to upload and print.
Once you have selected the file/s you want to print, the *printing attributes* and the cost of the print job/s are displayed.

Click the **Change** button to change the printing attributes.

When you are happy to proceed, click on the print jobs you would like printed so they are highlighted, and click **Print Now**.

---

**Selecting a printer**

After clicking **Print Now** you are stepped through the process of selecting which printer you want to use.

Select the Campus by clicking on its image. Click **OK**.
Select the location. Click **OK**.

And finally, select the print queue. Click **OK**.

Before submission there is a final confirmation of the **Destination**, the **Job Details** and the **Total Cost**.

The **Total Cost** may change in certain circumstances, including if you have specified a specialist printer, or if you have submitted a colour document to a B&W printer. Please check these details carefully before clicking **Yes** to submit the print job.

**PICKING UP PRINTING IS THE USER’S RESPONSIBILITY.**
