## PROGRAM PLAN

# MASTER OF MEDICAL STATISTICS

To be eligible to graduate make sure you have completed 80 units (10 units = 1 course unless otherwise specified) which meet the following criteria:

- Core courses – 80 units
- Students who commence in Semester 2 are recommended to complete the program in 2.5 years due to assumed knowledge and requisites.
- The maximum time to complete this program is 4 years.
- The above enrolment pattern is a recommended pattern only. Students who are working whilst studying would typically complete 10-20 units per term.

Some courses have assumed knowledge and/or requisites, please refer to the individual [Course Handbook](#). Please refer to the [Program Handbook](#) for specific information on program structure. If you are intending varying from this program plan please seek advice from your [Academic Program Advisor](#).
