

The Joint Medical Program®

STRATEGIC PLAN

2020-2025

Purpose	Vision	Values
<p>The JMP® will break new ground in medical education through</p> <ul style="list-style-type: none"> *Engagement and innovation addressing community needs *Social justice and responsiveness to global health priorities 	<p>Build regional, national, and global communities of medical graduates who lead beneficial outcomes in health-related care</p>	<p>Respectful relationships and learning environments</p> <p>Striving for Excellence</p> <p>Integrity</p> <p>Innovation</p> <p>Equity</p> <p>Inclusivity</p>

STRATEGIC PRIORITIES

1	To maintain and strengthen cohesion with our partners we will;	
	1.1	Facilitate annual face to face meetings for Governance Committee members
	1.2	Plan for & support regular face to face review meetings for all phases of the JMP
	1.3	Continue to enhance the program to deliver the best possible student experience
2	To deliver medical education that is responsive to Australian health workforce needs we will;	
	2.1	Enhance the visibility and reach of medical education and the scholarship of teaching
	2.2	Recognise, enable, and support all JMP educators including conjoint/adjunct staff
	2.3	Develop, implement, and evaluate innovative teaching and assessment approaches
	2.4	Facilitate and promote the inclusion of digital-based pedagogies in the curriculum
	2.5	Inspire our medical graduates to use their developing research skills
3	To emphasise rural and regional community leadership in health we will;	
	3.1	Collaborate with UONDRH to support the education of health professionals in rural areas
	3.2	Strengthen primary health care partnerships
	3.3	Work with regional training hubs & state-wide training organisations-especially GP
	3.4	Deepen consultation with our rural community partners
4	To promote Aboriginal and Torres Strait Islander health leadership we will;	
	4.1	Increase the employment of Indigenous medical health education experts
	4.2	Promote the career development of our Indigenous staff
	4.3	Ensure culturally safe practice is embedded in our program delivery
	4.4	Exchange knowledge & experience to develop and inform leadership initiatives
5	To promote student access, participation & success we will;	
	5.1	Attract a diverse range of medical student applicants in line with our vision and values
	5.2	Deliver improved student remediation and academic support plans
	5.3	Develop targeted promotional resources with UON & UNE & LHD marketing teams
