The JMP® will break new ground in medical education through; *Engagement and innovation addressing community needs *Social justice and responsiveness to global health priorities	Build regional, national and global communities of medical graduates who lead beneficial outcomes in health-related care	Respectful relationships and learning environments Excellence Integrity Innovation Equity & Inclusivity

STRATEGIC PRIORITIES

1	Maintaining and strengthening cohesion with our partners	
	Actions	
	1.1	We will facilitate an annual face to face meeting for Governance Committee members
	1.2	We will plan for & support regular face to face review meetings for all Phases of the JMP
	1.3	We will continue to enhance the program to deliver the best possible student experience
2	Delivering medical education that is responsive to Australian health workforce needs	
	Actions	
	2.1	We will enhance the visibility and reach of medical education and the scholarship of teaching
	2.2	We will recognise, enable and support all JMP educators including conjoint/adjunct staff
	2.3	We will develop and evaluate innovative teaching and assessment approaches
	2.4	We will facilitate and promote the inclusion of digital-based pedagogies in the curriculum
	2.5	We will inspire our medical graduates to use their developing research skills
3	Emphasising rural and regional community leadership in health	
	Actions	
	3.1	We will collaborate with UDRH to support the education of health professionals in rural areas
	3.2	We will strengthen primary health care partnerships
	3.3	We will work with regional training hubs & state-wide training organisations-especially GP
	3.4	We will deepen consultation with our community partners
4	Promoting Aboriginal and Torres Strait Islander health leadership	
	Actions	
	4.1	We will increase the employment of Indigenous medical health education experts
	4.2	We will promote the career development of our Indigenous staff
	4.3	We will ensure culturally safe practice is included in our program delivery
	4.4	We will exchange knowledge & experience to develop and inform leadership initiatives
5	Promoting student access, participation & success	
	Actions	
	5.1	We will attract a diverse range of medical student applicants in line with our vision and values
	5.2	We will deliver improved student remediation and academic support plans
	5.3	With UON & UNE & LHD marketing teams we will develop targeted promotional resources
