

The UNIVERSITY
of NEWCASTLE

GRADUATION 2025
WEDNESDAY 16 JULY

HONORARY DOCTORATE AWARD RECIPIENT AND OCCASIONAL SPEAKER

Wednesday 16 July 2025 | 10am Ceremony

Dr Alan Simon Finkel AC

Dr Alan Finkel AC is Chair of Stile Education, Australia's leading science education company. A neuroscientist, engineer, entrepreneur and philanthropist, his career highlights include 23 years as CEO of US company Axon Instruments, three years as President of the Australian Academy of Engineering and eight years as Chancellor of Monash University. Alan was Australia's Chief Scientist from 2016 to 2020. During this time he led the National Electricity Market Review, the development of the National Hydrogen Strategy, and the panel that advised the Australian Government on the Low Emissions Technology Roadmap. Alan also chaired the National (Covid) Contact Tracing Review, was deputy chair of Innovation and Science Australia, and chaired the National Review of Industry and School Partnerships in STEM Education.

As Special Adviser to the Australian Government on Low Emissions Technologies in 2021 and 2022, he brokered bilateral low emissions technology partnerships between Australia and each of the seven key countries, chaired the Australian Government-hosted Sydney Energy Forum and led a review of the US Inflation Reduction Act. He was co-founder and Chair of Cosmos Magazine, and Chief Technology Officer of electric car charging company Better Place Australia. He is Chair of the Australian Research Council Centre of Excellence for Quantum Biotechnology, Chair of the Hysata Global Advisory Council, Chair of the Australian Centre for Jewish Civilisation Advisory Council, Chair of the Expert Advisory Group for the Australian Human Rights Commission report on Neurotechnology, and a corporate adviser on climate change technologies.

GRADUATE SPEAKER

Dr Renate Thienel

Master of Clinical Psychology with Distinction

Master of Professional Psychology with Distinction

MUSICAL PERFORMANCES

The National Anthem will be performed by Heather Price.

Musical interlude will be performed by Heather Price and Terence Koo.

All musicians and performers are current students or alumni of the University of Newcastle.

OCCASIONAL SPEAKER

Wednesday 16 July 2025 | 2.30pm Ceremony

Mr Rod Henderson

Rod Henderson is the Managing Director and Chief Executive Officer of Ampcontrol. Ampcontrol solves the most complex problems in energy by collaborating and partnering with our customers to challenge the future and help make global net zero a reality.

With a background as an electrical apprentice and engineering trainee, Rod started his professional career at Alcan Aluminium (Hydro) before joining Ampcontrol in 1991. He holds the Eng Exec Companion credential from Engineers Australia, the Fellow credential from the Australian Institute of Management, and the Member credential from the Australian Institute of Company Directors. He is also a Director at ResTech, a joint venture between Ampcontrol and the University of Newcastle with a focus on research & development.

Throughout his 30-year career at Ampcontrol, Rod has played a key role in the company's expansion. After becoming Chief Executive Officer in 2014 and

Managing Director in 2015, he was the driving force behind the acquisition of companies under the banner of the Ampcontrol Group, enabling diversification. In 2021, he was pivotal in establishing Boundary Power, a joint venture between West Australian utility Horizon Power and Ampcontrol, taking Ampcontrol into the world of renewable energy manufacturing.

Rod is passionate about driving innovation, sustainability, and growth for both Ampcontrol and its customers. He values collaboration, integrity, and excellence and brings diverse perspectives and experiences to his team. Rod's role involves overseeing strategic direction, overall profitability, group structure, risk management and business growth. His aim is to create a positive impact in the electrical engineering and manufacturing industry, challenging the future to help make global net zero a reality.

GRADUATE SPEAKER

Aleria Anne Dunlop

Bachelor of Aerospace Systems Engineering
(Honours) Honours Class II Division 1

MUSICAL PERFORMANCES

HONORARY DOCTORATE AWARD RECIPIENT AND OCCASIONAL SPEAKER

Wednesday 16 July 2025 | 6.30pm Ceremony

Mr Philip Cox AO

Philip Cox AO is one of Australia's most prominent architects, widely acclaimed for his contribution to architecture, urban planning, and the cultural identity of Australia's built environment. Philip is the founding partner of Cox Architecture, a practice he established in 1964, which has since grown to become a leading architectural firm with projects across Australia and internationally.

Graduating with honours in architecture from the University of Sydney in 1962, Philip was awarded the Royal Australian Institute of Architects (RAIA) Silver Medal and the NSW Board of Architects Travelling Scholarship. He later completed a Diploma in Town and Country Planning in 1972. His early work at Tocal College marked the beginning of a distinguished career characterised by bold

public architecture — from sports stadiums and exhibition centres to bridges and city precincts — often enriched with art, sculpture and landscape.

Philip's contribution has been recognised with numerous honours, including the RAIA Gold Medal in 1984, Life Fellowship to the RAIA and an Honorary Fellowship of the American Institute of Architects in 1987, and the Order of Australia in 1988. In 1993, he received the inaugural Sport and Architecture Award from the International Olympic Committee and was elected a Fellow of the Royal College of Humanities.

Philip has also authored nine books exploring Australia's towns and architecture. His work continues to shape the profession and the communities it serves locally and abroad.

GRADUATE SPEAKERS

Peta Louise Carlyle

Bachelor of Software Engineering with Honours Class I

MUSICAL PERFORMANCES

The National Anthem will be performed by Brynn Hulls.

Musical Interlude will be performed by Toby Chu and Terence Koo.

All musicians and performers are current students or alumni of the University of Newcastle.

ALUMNI STORIES

Tiana Leck

Tiana Leck's fascination with engineering began at 10, when she helped her father rebuild a boat motor. Intrigued by mechanics and design, this experience sparked her passion for problem-solving and innovation.

Driven to make a difference, Tiana studied at the University of Newcastle, completing a degree in Mechatronic Engineering before pursuing a degree in Medical Engineering.

In her second year during the COVID pandemic, Tiana learned about the Ampcontrol ventilator project, a collaboration with the University of Newcastle to manufacture emergency ventilators for the NSW Government. Her passion earned her an internship with Ampcontrol, starting her journey into the industry and contributing to the project's final stages.

Balancing her studies with work as an Undergraduate Engineer at ResTech, a joint venture of the University of Newcastle and Ampcontrol, Tiana has transitioned into a full-time R&D Engineer, designing electrical safety equipment for the mining industry at Ampcontrol and ResTech.

Tiana is dedicated to projects that save lives and protect the planet, aligning with her mission to leverage engineering for meaningful impact. As a role model and mentor, she continues to advocate for more women in STEM fields, engaging with students and educators in the Hunter region.

Thank you to Ampcontrol for supporting our graduates and the Graduation Ceremonies today.
