

# Graduate Diploma in Medical Statistics

Commencing in 2017

Studying Online

This Program Plan is an enrolment guide to ensure you are on track to graduate. If at any time you wish to vary from this program plan seek prior advice from your [Program Advisor](#) to ensure you remain on track.

Commencing in Semester 1 2017

## Semester 1

Year  
1

<a href="#">EPID6420</a> Epidemiology A - Basic Methods	<a href="#">BIOS6040</a> Mathematics of Applied Statistics OR <a href="#">DIRECTED</a> <i>Only if exempt from BIOS6040</i>		
--	--	--	--

## Semester 2

<a href="#">BIOS6170</a> Foundations of Probability Theory	<a href="#">BIOS6010</a> Computational Statistics/Database Management using SAS Software		
---	---	--	--

Year  
2

<a href="#">BIOS6070</a> Linear Regression Models	<a href="#">BIOS6050</a> Statistical Inference		
--	---	--	--

<a href="#">BIOS6061</a> Clinical Trial Design	<a href="#">BIOS6940</a> Categorical Data and Generalised Linear Models		
---	--	--	--

Program Plan Key: = Core = Directed

Commencing in Semester 2 2017

## Semester 2

Year  
1

<a href="#">BIOS6010</a> Computational Statistics/Database Management using SAS Software	<a href="#">BIOS6040</a> Mathematics of Applied Statistics OR <a href="#">DIRECTED</a> <i>Only if exempt from BIOS6040</i>		
---	--	--	--

Year  
2

<a href="#">BIOS6170</a> Foundations of Probability Theory	<a href="#">BIOS6061</a> Clinical Trial Design		
---	---	--	--

Year  
3

<a href="#">BIOS6940</a> Categorical Data and Generalised Linear Models			
--	--	--	--

## Semester 1

<a href="#">EPID6420</a> Epidemiology A - Basic Methods

**Program Plan Key:**  = Core  = Directed

## Graduate Diploma in Medical Statistics Directed Courses

### Directed A Courses

If exempt from BIOS6040, choose **10 units** from the following courses.

<a href="#">BIOS6080</a>	Multivariate Methods in Medical Research and Health Surveys
<a href="#">BIOS6990</a>	Applied Longitudinal Analysis
<a href="#">BIOS6100</a>	Clinical Statistics for Medical Researchers
<a href="#">BIOS6111</a>	Genetic Statistics and Bioinformatics
<a href="#">BIOS6130</a>	Bayesian Methods for Medical Statistics
<a href="#">BIOS6141</a>	Advanced Clinical Trials and Prospective Observational Studies

To be eligible to graduate make sure you have completed 80 units (10 units = 1 course unless otherwise specified) which meet the following criteria:

- ✓ Core courses - 80 units.
- ✓ Students with an undergraduate degree in Mathematics or Statistics may apply for exemption from BIOS6040 (Mathematical Background for Statistics). If exemption is granted, then a Directed course must be taken. If you are granted exemption, please contact your Program Advisor for enrolment advice.
- ✓ The duration of this program is 2 years part time.
- ✓ Students must review prerequisites and assumed knowledge before enrolling in a course.
- ✓ Ensure you review course assumed knowledge and requisites before finalising your enrolment.
- ✓ The maximum time to complete this program is 4 years.
- ✓ The above enrolment pattern is a recommended pattern only. Students who are working whilst studying would typically complete 10-20 units per term.

Some courses have assumed knowledge and/or requisites, please refer to the individual [Course Handbook](#).

The [Program Handbook](#) has valuable information on program structure and requirements, if you are intending on studying part time or varying from this program plan please seek prior advice from your [Program Advisor](#).

# Helpful Hints & Tips

## ENROLMENT HELP

Need help? >>

**Ask UON >>**

How do I use the Web Timetable? >>

### RULES

It is important to follow this Program Plan.

You cannot repeat a course you've passed to try and get a better grade.

You cannot enrol in any extra courses not required by your program.

## INFO FOR NEW STUDENTS

First year undergraduate students usually only enrol in 1000 level courses >>

New Postgraduate students should only enrol in 6000 level courses >>

Find out all you need to know about getting started at uni >>

## UNDERSTANDING COURSES & PROGRAMS

Not sure what courses to study? >>

Understanding program and course jargon >>

Understanding UON Jargon >>

## PRIOR STUDY

Check you have met the assumed knowledge and requisites for courses before enrolling >>

Have you studied elsewhere or transferred programs? Don't forget to apply for credit >>

## CONSIDERING A BREAK?

Need to take a break? This is called a 'leave of absence'. Check if you are eligible >>

Planning on going overseas? Keep electives free, so it's easier for you to receive credit for your overseas studies >>

UON offers a range of support services to assist with your health and wellbeing >>
