GSBS courses are delivered on campus at Newcastle City but will also be available to remote students via live-streaming.

There are several Online Directed courses available each Trimester for students to choose from. See page to for list of online Directed courses available.

Please note: Course availability for 2021 is currently being finalised and is expected to publish on the University of Newcastle website in October 2020. While unlikely, there may be some minor changes to course offerings.
