

UNIVERSITY OF
NEWCASTLE

PATHWAYS, PREPARATION AND SKILLS DEVELOPMENT

Community-Connected Skills Development

The Pathways, Preparation and Skills Development provides comprehensive pathways and skills development solutions designed to bridge educational gaps and prepare individuals for academic and professional success. Our innovative approach combines proven educational methodologies with responsive, community-focused program development to deliver high-quality learning experiences tailored to diverse needs.

PARTNERSHIP CAPABILITIES

- **Program offerings that align with industry requirements:** Over 50 courses that can offer upskilling and learning for workforces
- **Educational Pathway Design:** Explore learning journeys for specific industry sectors offering pathways and transition advice and support
- **Community Engagement:** Leverage our established community networks for workforce development initiatives
- **Partnership Development:** Explore innovative approaches to future educational offerings and collaborative models

PROVEN IMPACT

- **50+ Years of Excellence:** Over five decades of continuous educational commitment to the community
- **National Leadership:** Recognised as Australia's leading provider in pathways to university study and skills development
- **High-Quality Delivery:** Consistently responsive academic development programs designed with and for community stakeholders
- **Community Connection:** Deep understanding of local and regional workforce educational development needs
- **Adaptive Innovation:** Proven ability to evolve upskilling and educational programs based on changing industry demands

OPEN FOUNDATION - 50 YEARS OF OPENING DOORS

Since 1974, Open Foundation has grown to become the largest enabling program of its kind in Australia and is recognised as the industry benchmark. This flagship program exemplifies our commitment to creating accessible pathways that bridge educational gaps and unlock potential for thousands of students who might otherwise miss out on higher education opportunities.
