Return this completed form by email to: sbsp-seminars@newcastle.edu.au
https://www.newcastle.edu.au/school/biomedical-sciences-and-pharmacy/seminars

Host name and email	
Name of Invited speaker	
Institute	
Contact email address	
Contact phone/mobile number	
Dates requested for talk (to be confirmed by Dr Gerard Kaiko)	
Weblink to the invited speaker's profile	
How are they recognised as a leader in their field? (Either nationally or internationally). The school seeks to give preference to speakers relevant to more than just one specific area/lab. With this in mind, how is their topic or their cutting-edge techniques relevant to multiple research groups or themes within SBSP?	
The School seeks to promote a Respectful and Collaborative University, when choosing speakers please consider issues of the equity, diversity, and inclusiveness policy Equity, Diversity & Inclusiveness Policy	
Preference for in-person talk or zoom webinar?	
Preferred location of talk if in-person (HMRI or Callaghan)	
Will the speaker require flights?	
Is accommodation required? Which night Thursday or Friday?	
Is the speaker of Aboriginal or Torres Strait Islander heritage? Or working on health research topics specifically relevant to the Aboriginal or Torres Strait Islander communities?	
Do they have any special requirements? E.g. food allergies, mobility, etc	
__After__ the speaker and their date has been confirmed by the School contact, please ask the invited speaker to email the following details to: sbsp-seminars@newcastle.edu.au 1. A headshot photo 2. A title of their talk 3. A 1 paragraph bio
