

UNIVERSITY OF
NEWCASTLE

BUILDING TOMORROW'S WORKFORCE

Connecting industry with emerging talent

The University of Newcastle bridges the gap between education and employment by connecting students with industry through placements, paid roles, and career events. These programs provide students with real-world experience while helping businesses access fresh talent and innovative thinking.

PARTNERSHIP CAPABILITIES

- **Career-ready placements:** Partner with the University to host students in meaningful, real-world roles across a wide range of industries and disciplines.
- **Recruitment and promotion:** Connect with talented students and graduates by advertising job opportunities— free of charge —through CareerHub.
- **On-Campus Engagement:** Build your brand and meet future talent face-to-face at expos, networking events, and industry panels.

PROVEN IMPACT

- Career-ready placements are embedded in every undergraduate degree, with over 20,000 placements coordinated annually through partnerships with more than 3,500 employers.
- More than 3,300 job opportunities are promoted annually to students and graduates through the University's CareerHub platform.
- Each year, over 300 employers connect with 2,500+ students through on-campus expos, networking events, and industry panels.
