Outlook Web App (OWA) is a feature rich web version of UNify that will allow you to perform 90% of your daily tasks as if you were sitting at your desk.

OWA allows you access to your mailbox, calendar, and contact list from any computer in the world with Internet access.

You can log in to the OWA version of your UNify account from any web browser by going to https://outlook.office365.com/

**YOUR LOGIN DETAILS**

You must login using your full username which is your UniID followed by @newcastle.edu.au eg. abc123@newcastle.edu.au

The **password** is the same one you use to access the Internet or University of Newcastle network.

Once you have logged in, you can click on the options at the top of your screen to switch between your email, calendar and contacts views.

[Outlook Web App Help](https://outlook.office365.com) provides online information about using this product.
