

VENUES & EVENTS

AT THE UNIVERSITY OF NEWCASTLE

Industry Engagement Space

The Industry Engagement Space at Gosford Central Building is a distinctive double-height venue designed to host corporate and private events within an architecturally striking setting. The building has been designed with high quality finishes and acoustic performance in mind.

The space is fully equipped with integrated technology, a large projector screen, and an accessible lectern with touch controls. A concealed tea point supports light catering, while larger events are serviced by a Reheat Point on Level 1.

A glazed sliding wall allows the space to operate as an enclosed room or open seamlessly into the foyer and adjoining landscaped areas for larger gatherings.
