

QUALITY TEACHING ACADEMY

Quality teaching for every student every day

The QT Academy supports educators to implement research-backed practice. It provides professional development and resources designed to improve teaching quality and student achievement.

PARTNERSHIP CAPABILITIES

- **Professional learning:** Workshops and events for educators
- **Resources:** Practical guides, videos and webinars
- **School partnerships:** Collaborative improvement initiatives
- **Impact evaluation:** Measuring change over time

PROVEN IMPACT

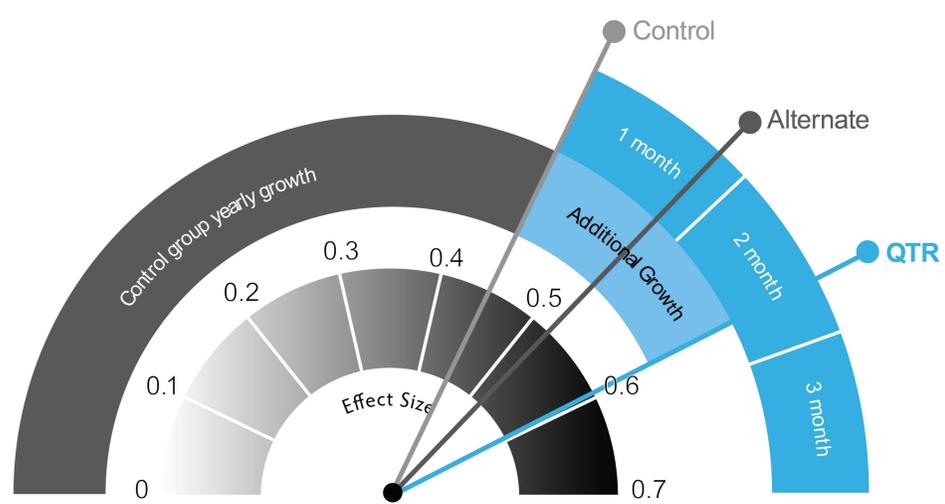

- **Improved student outcomes:** Higher achievement and engagement
- **Teacher development:** Enhanced teaching and assessment practice
- **Systemic change:** Successful adoption of the QT Model across diverse contexts

TRANSFORMING CLASSROOMS

A Hunter region school partnered with the QT Academy over a four-year period to embed the QT Model across classroom, assessment and learning design practice. They strategically implemented a form of school-wide collaborative, reflective professional development. Within a year, student performance, behaviour and attendance improved significantly, and teacher satisfaction increased, showcasing the power of Quality Teaching Rounds to make a significant difference for teachers and students alike.

IMPACT OF QUALITY TEACHING ROUNDS ON MATHS ACHIEVEMENT
