### **Pathways and Academic Learning Support Centre**

# **EPEDUC 101: Foundations in Education: Theories and Theoretical Perspectives**

Callaghan

Semester 1 - 2024

The Pathways and Academic Learning Support Centre recognises and respects the unique history and culture of Aboriginal and Torres Strait Islander peoples and their unbroken relationship with the lands and the waters of Australia over millennia. We are dedicated to reconciliation and to offering opportunities for Aboriginal and Torres Strait Islander peoples to access and succeed in higher education. The Centre is committed to providing a culturally safe and inclusive environment for all.

### **OVERVIEW**

### **SYLLABUS**

#### **Course Content**

While embedding the development of essential academic literacies, the course covers three interrelated topics in education: understanding learning, understanding teaching, and understanding schooling. Woven throughout these topics are various philosophies of education. Understanding learning: students are introduced to the important work of past scholars, and to the fields of educational psychology and philosophy. Through this, deep learning and critical thinking are explored conceptually and developed practically. Understanding teaching: students examine the role of the teacher in Australian society, are introduced to key concepts related to pedagogy, curriculum and assessment, and learn about the development of teachers as professionals. Understanding schooling: students explore the historical foundations of Australia's school system, critically examine current issues in Australian schooling and learn more about issues of diversity and equity through an introduction to the sociology of education.

### **Course Learning** Outcomes

### On successful completion of this course, students will be able to:

- 1. Employ a range of academic reading, writing and oral skills and attitudes, including reflective, analytical and critical thinking, at a level suitable for successful university study at the undergraduate level.
- 2. Reflect knowledgeably and critically on their own and others' educational experiences using insight gained during the course.
- 3. Define key introductory concepts in the fields of educational sociology, philosophy and psychology and explain the contribution of seminal thinkers to the study of education.
- 4. Define basic features of pedagogy, curriculum and assessment.
- 5. Recount key points in the historical development of schooling and education policy in Australia including Indigenous knowledges.

#### **Course Materials**

All course materials will be provided on the course Canvas site. Students are not required to purchase a textbook.

# Communication Methods

**Email** is the principal form of communication at the university and within this course. Always use your student email (NUmail), rather than a private email address, and check this regularly. As Course Coordinator I will try to respond to your email within three (3) working days. I will not normally respond to emails over the weekends. Please be courteous in your email communication and in the online space.

**Canvas** is used to distribute course material, announcements and other information. It is also used for online quizzes and to allow students to track their individual progressive assessment results throughout the semester via Grades.

**Discussions forums** in Canvas can be used to ask questions about minor issues. Students are strongly encouraged to use these to communicate with each other, discuss issues relating to the course, and solve minor problems.

### Attendance and Engagement

In addition to face-to-face hours in class, out-of-class study and related work will require an additional commitment of up to 10 hours per week of reading, preparation, and study time over the semester. Students are required to spend on average 120-140 hours of effort (contact and non-contact hours including assessment) per semester per 10 unit course.

To maximise your learning opportunities, you should read all relevant material prior to attending class.

It is strongly recommended that you attend your classes every week. Our data shows that you will get better results if you attend class with your peers. If you do have to miss a class, you should catch up on any missed work by accessing lecture recordings if you are enrolled face-to-face. While online tutorials are recorded, on-campus tutorials are not, so you should view other resources available on your Canvas site and contact your course coordinator if you would like advice on how to best catch up on any material that was missed. If you are unable to attend classes regularly you should reach out to your course coordinator as soon as possible to discuss ways that you can continue to engage with the learning material.

A plan of regular revision throughout the semester is also strongly recommended to help you manage your time, consolidate information and retain that knowledge for the duration of

the course and beyond.

Assessment items have been designed to reinforce and revise the course material, and ensure you are up to date with course content. You are required to submit all assessable items by the due dates unless prior arrangements have been made.

# Additional Contact Details

If you have any questions about your course, please speak with your course coordinator, lecturer or tutor first. For general enquiries, please contact the Pathways and Academic Learning Support Centre Office or your Student Liaison Officer. Contact details for both the office and Student Liaison Officers can be found here.

Yapug students can also contact your Indigenous Enabling Learning Advisor <u>Hannah Pipe</u> or your Program Convenor <u>Dan Collins</u>.

#### Adverse Circumstances

The University acknowledges the right of students to seek consideration for the impact of allowable adverse circumstances that may affect their performance in assessment item(s). Applications for Adverse Circumstances must be lodged via the online Adverse Circumstances system for all individual assessment items worth 30% or greater by 11:00pm on the day the assessment is due. For assessment items less than 30%, you will need to contact your Course Coordinator by 11:00pm on the due date of the assessment item.

Before applying you must refer to the <u>Adverse Circumstances Affecting Assessment Items</u> Procedure and the Adverse Circumstances Affecting Assessment Items Policy.

Please note that students must submit their adverse circumstances application via the online Adverse Circumstances system by 11:00pm on the due date of the assessment item, even if you are using a Reasonable Adjustment Plan (RAP) as your supporting documentation.

# Written Assessment Word Limits

If this course includes written assessments, the word limit listed will include headings, subheading, in-text citations, quotes and referencing but does not include the list of references, appendices and footnotes. You will not receive a penalty for exceeding the word limit (there is a tolerance of up to 10%), but any work after the maximum word limit may not be included within the allocation of marks.

#### **Academic Misconduct**

All students are required to meet the academic integrity standards of the University. These standards reinforce the importance of integrity and honesty in an academic environment. Academic Integrity policies apply to all students of the University in all modes of study and in all locations. Please refer to the <a href="Student Academic Integrity Policy">Student Academic Integrity Policy</a>.

### **Oral Interviews (Vivas)**

As part of the evaluation process of any assessment item in this course an oral examination (viva) may be conducted. The purpose of the oral examination is to verify the authorship of the material submitted in response to the assessment task. The oral examination will be conducted in accordance with the principles set out in the <a href="Oral Examination (viva)">Oral Examination (viva)</a> <a href="Procedure">Procedure</a>. In cases where the oral examination reveals the assessment item may not be the student's own work the case will be dealt with under the <a href="Student Conduct Rule">Student Conduct Rule</a>.

# Workplace Health and Safety Requirements

There are no specific WH&S requirements for this course.

### Software

Free Microsoft Office software is available to enrolled students <a href="here">here</a> and includes 5 TB of free cloud storage with OneDrive.

#### **Timetable**

Your timetable for this course is available via the myUni Student Portal and can also be found here.

### **Course Evaluation**

Each year feedback is sought from students and other stakeholders about the courses offered in the University for the purposes of identifying areas of excellence and potential improvement.
