

PUBH1020: Foundations of Early Childhood Health and Well-Being

Callaghan

Semester 1 - 2024

THE UNIVERSITY OF
NEWCASTLE
AUSTRALIA

OVERVIEW

Course Description	This course aims to provide students with an understanding of issues which are important for the health and well-being of children both within and outside of the Early Childhood and Primary School education settings. It provides a foundation and context for future studies in Early Stage 1/ Stage 1 of the NSW K-6 Personal Development, Health and Physical Education (PDHPE) key learning area. This course links the Early Learning Years Framework and the Primary PDHPE syllabus for the new Australian curriculum to contemporary public health issues for Australian children.
Academic Progress Requirements	Nil
Assumed Knowledge	Students come to this course with a variety of academic and life experiences. While some students will have studied the HSC 2 Unit Personal Development and Physical Education course many, including mature-age students, will not have. Thus we have taken the Year 10 PDHPE syllabus level of knowledge to be the starting point for this course. We respect and value the different experiences that mature-age students bring to the course and do not feel they are disadvantaged by this decision.
Contact Hours	Callaghan Lecture Online 1 hour(s) per week(s) for 12 week(s) Self-Directed Learning Online 2 hour(s) per week(s) for 2 week(s) Tutorial Face to Face On Campus 2 hour(s) per week(s) for 10 week(s)
Unit Weighting	10
Workload	Students are required to spend on average 120-140 hours of effort (contact and non-contact) including assessments per 10 unit course.

Attendance

*Skills are those identified for the purposes of assessment task(s).

Attendance/participation will be recorded in the following components:

- Tutorial (Method of recording: Student attendance will be recorded using the myUon app.) Paper rolls will also be taken during the PDH and PE Strand tutorials.))

There is a compulsory attendance requirement in this course. All students (commencing and continuing) must participate in 80% of the face to face (or zoom equivalent) tutorial sessions in this course. All Commencing students are those who have commenced study at UON for the first time in 2024. Continuing students are those who have studied previously, either in an enabling program or any undergraduate or postgraduate program.

NOTE: Full attendance at the practical workshops in the Physical Education strand is expected. **Students who miss more than TWO (2) of the practical PE tutorials will be deemed as 'at-risk' of failing. See Course Information book for details.**

Communication Methods

Communication methods used in this course include:

- Face to Face: Communication will be provided via face to face meetings or supervision.
- Canvas Course Site: Students will receive communications via the posting of content or announcements on the Canvas course site.
- Email: Students will receive communications via their student email account.

Course Evaluation

Each year feedback is sought from students and other stakeholders about the courses offered in the University for the purposes of identifying areas of excellence and potential improvement.

Oral Interviews (Vivas)

As part of the evaluation process of any assessment item in this course an oral examination (viva) may be conducted. The purpose of the oral examination is to verify the authorship of the material submitted in response to the assessment task. The oral examination will be conducted in accordance with the principles set out in the [Oral Examination \(viva\) Procedure](#). In cases where the oral examination reveals the assessment item may not be the student's own work the case will be dealt with under the [Student Conduct Rule](#).

Academic Misconduct All students are required to meet the academic integrity standards of the University. These standards reinforce the importance of integrity and honesty in an academic environment. Academic Integrity policies apply to all students of the University in all modes of study and in all locations. For the Student Academic Integrity Policy, refer to <https://policies.newcastle.edu.au/document/view-current.php?id=35>.

Please note: All work submitted for assessment must be your own original work. Artificial Intelligence (AI) is not to be used to complete assessments in this course. Use of AI is permitted as outlined here <https://libguides.newcastle.edu.au/AI-tools/uni>

Further information regarding the use of AI will be provided on the course Canvas site.

Adverse Circumstances

The University acknowledges the right of students to seek consideration for the impact of allowable adverse circumstances that may affect their performance in assessment item(s).

Applications for special consideration due to adverse circumstances will be made using the online Adverse Circumstances system where:

1. the assessment item is a major assessment item; or
2. the assessment item is a minor assessment item and the Course Co-ordinator has specified in the Course Outline that students may apply the online Adverse Circumstances system;
3. you are requesting a change of placement; or
4. the course has a compulsory attendance requirement.

Before applying you must refer to the Adverse Circumstance Affecting Assessment Items Procedure available at:

<https://policies.newcastle.edu.au/document/view-current.php?id=236>

Important Policy Information

The Help button in the Canvas Navigation menu contains helpful information for using the Learning Management System. Students should familiarise themselves with the policies and procedures at <https://www.newcastle.edu.au/current-students/respect-at-uni/policies-and-procedures> that support a safe and respectful environment at the University.

This course outline was approved by the Head of School. No alteration of this course outline is permitted without Head of School approval. If a change is approved, students will be notified and an amended course outline will be provided in the same manner as the original.
