School of Engineering

SURV4850A: Project - Part A

Callaghan

Semester 1 - 2024

THE UNIVERSITY OF NEWCASTLE AUSTRALIA

www.newcastle.edu.au CRICOS Provider 00109J

OVERVIEW

Course Description

This course requires students to conduct an extensive project on any approved topic which contributes to the course objectives. The course concludes with a day of intensive seminar presentations by all students.

Academic Progress Requirements

Nil

Requisites

This course is only available to students active in

Bachelor of Engineering (Honours) (Surveying) [12281], Bachelor of Surveying (Honours) [40058],

Bachelor of Surveying (Honours) / Bachelor of Business

[40077]

Bachelor of Surveying (Honours) [40372]

Bachelor of Surveying (Honours)/Bachelor of Business [40373]

programs.

Assumed Knowledge

Completion of the 3rd year of the Bachelor of Engineering (Honours) (Surveying) program, or 3rd year of the Bachelor of Surveying (Honours) program. Students should enrol in this course in the year they complete their degree.

Contact Hours

Callaghan Lecture

Face to Face On Campus

2 hour(s) per week(s) for 4 week(s)

NOTE: The above distribution of contact hours may alter on a weekly basis and will be confirmed in the course outline handed

to students in Week 1.

Seminar

Face to Face On Campus

3 hour(s) per week(s) for 2 week(s)

Workshop

Face to Face On Campus

3 hour(s) per week(s) for 10 week(s)

Unit Weighting Workload

10

Students are required to spend on average 120-140 hours of effort (contact and non-contact) including assessments per 10

unit course.

Multi-Term Sequence Advice

This course is part of a multi-term sequence. Both Part A and Part B must be completed to meet the requirements of the sequence. Part A and Part B must be completed in consecutive terms. Students must complete Part A before completing Part B.

Students must complete the sequence within a twelve month period. If students complete Part A but are unable to complete Part B within the timeframe, they must re-enrol in Part A. Part A cannot be completed as a standalone course, it will only count towards your program once you have successfully completed Part

SYLLABUS

Course Content

- A study into one of a variety of possible topics involving surveying and/or a closely related matter and preferably involving a novel investigation.
- · Report preparation.
- Seminar.

Course Learning Outcomes

On successful completion of this course, students will be able to:

- 1. Manage an open-ended research project.
- 2. Analyse and research open ended problems relevant to the surveying profession.
- 3. Generate a professional quality report.
- 4. Through oral presentation synthesize and articulate research outcomes.

Course Materials

Lecture Materials:

- All materials will be provided on the course web site.

ASSESSMENTS

This course has 4 assessments. Each assessment is described in more detail in the sections below.

| | Assessment Name | Due Date | Involvement | Weighting | Learning Outcomes |
|---|-----------------|---|-------------|-----------|----------------------|
| 1 | Progress Report | Week 11, Semester 1 | Individual | 20% | 1, 2, 3 |
| 2 | Seminar | Week 12, Semester 2 | Individual | 10% | 1, 2, 4 |
| 3 | Journal Article | Due before 5pm on Friday of Week 13. Semester 2 | Individual | 5% | 2, 3 |
| 4 | Thesis | Due before 5 pm on Friday of Week 13, Semester 2. | Individual | 65% | 1, 2, 3 |

Late Submissions The mark for an assessment item submitted after the designated time on the due date, without

an approved extension of time, will be reduced by 10% of the possible maximum mark for that assessment item for each day or part day that the assessment item is late. Note: this

applies equally to week and weekend days.

Assessment 1 - Progress Report

Assessment Type Written Assignment Purpose Progress Report

Description Progress Report - A formal progress report is to be provided setting out the issues under

investigation, the research undertakes, preliminary results, and issues confronted, and plans

implemented to complete the tasks (including a timeline with dates).

Weighting 20%

Due Date Week 11, Semester 1

Submission Method Online

Specific Location

Assessments to be submitted to academic supervisor for the project. The digital copy of your

report and Turnitin report should be uploaded to Canvas by

Assessment Criteria Assessment will relate to quality of research, amount of work undertaken, demonstrated plans

to meet required deadlines, and quality of report.

Return Method In Person

Feedback Provided In Person - . Students to meet with Academic supervisor and discuss report assessment.

Assessment 2 - Seminar

Assessment Type

Purpose

Presentation Presentation

Description

Seminar - Each Student is required to present a seminar on their project. The time allowed

for the student presentation will be announced when the timetable of student seminars is finalised. The seminars are usually approximately 15 minutes each, and delivered to an

audience of industry professionals, students and academics.

Weighting 10%

Due Date Week 12, Semester 2
Submission Method Specific Location

Oral Presentation

Assessment Criteria

Presentations will be assessed by a number of academic staff on the day. Presentations will be assessed on content, organisation, appropriateness for audience, clarity of presentation,

and meeting the allocated time period.

Return Method Not Returned Feedback Provided In Person - .

Assessment 3 - Journal Article

Assessment Type

Purpose

Written Assignment Journal Article

DescriptionJournal article - all students are required to prepare an article outlining their project. Articles

should be a maximum of 6 pages, describing the project in a format suitable for publication in

a state/national surveying journal.

SURV4850A: Project - Part A Callaghan Semester 1 - 2024

Weighting 5%

Due Date Due before 5pm on Friday of Week 13. Semester 2

Submission Method Online

Specific Location

Assignment to be submitted to the Administration Office, discipline of Civil, Surveying and Environmental Engineering (Room EA112). Submission is to include two hard copy versions, and one USB (non-returnable). The digital copy of your report and Turnitin report should be

uploaded to Canvas by due date.

Assessment Criteria The journal article will be assessed on content, structure, referencing and suitability for

publication of presentation in a surveying journal.

Return Method Not Returned

Feedback Provided In Person - . Academic Supervisor can provide individual feedback to students if requested.

Assessment 4 - Thesis

Assessment Type

Purpose

Thesis Thesis

65%

DescriptionThe project provides a chance for the student to undertake some work of their own, with the

assistance where necessary of an academic supervisor. Other members of staff may also provide help if needed. The project is assessed on both its material content and its presentation. The material content involves the volume and quality of the work completed by

the student.

Weighting

Due Date

Due before 5 pm on Friday of Week 13, Semester 2.

Submission Method (

Specific Location

Assignment to be submitted to the administration office, Discipline of Civil, Surveying and Environmental engineering (Room EA112). Submission is to include two hard copy versions, and one on a USB (non-returnable). The digital copy of your report and Turnitin report should

be uploaded to Canvas by due date.

Assessment Criteria

The Thesis (Final Report) mark will be further broken down as follows.

Student Intellectual contribution to the project - 40% Amount of work performed by the student - 15%

Report/Thesis presentation - 10%

Two paper copies of the thesis, plus a copy on USB device are required to be submitted (USB will not be returned to student). The USB should be clearly labelled and structured so that it is easy to locate and read all the information stored on the USB. The USB is to contain all the complete thesis, including scans of all files, plans, maps, field notes, images, data computer results, etc.

Return Method Not Returned

Feedback Provided In

In Person - . Academic Supervisor can provide individual feedback to students if requested.

ADDITIONAL INFORMATION

Grading Scheme

This course is Part A of a multi-term sequence. A grade will be awarded at the completion of Part B.

Communication Methods Communication methods used in this course include:

- Canvas Course Site: Students will receive communications via the posting of content or announcements on the Canvas course site.
- Email: Students will receive communications via their student email account.
- Face to Face: Communication will be provided via face to face meetings or supervision.

Course Evaluation

Each year feedback is sought from students and other stakeholders about the courses offered in the University for the purposes of identifying areas of excellence and potential improvement.

Oral Interviews (Vivas)

As part of the evaluation process of any assessment item in this course an oral examination (viva) may be conducted. The purpose of the oral examination is to verify the authorship of the material submitted in response to the assessment task. The oral examination will be conducted in accordance with the principles set out in the Oral Examination (viva) Procedure. In cases where the oral examination reveals the assessment item may not be the student's own work the case will be dealt with under the Student Conduct Rule.

Academic Misconduct

All students are required to meet the academic integrity standards of the University. These standards reinforce the importance of integrity and honesty in an academic environment. Academic Integrity policies apply to all students of the University in all modes of study and in all locations. For the Student Academic Integrity Policy, refer to https://policies.newcastle.edu.au/document/view-current.php?id=35.

Adverse Circumstances

The University acknowledges the right of students to seek consideration for the impact of allowable adverse circumstances that may affect their performance in assessment item(s). Applications for special consideration due to adverse circumstances will be made using the online Adverse Circumstances system where:

- 1. the assessment item is a major assessment item; or
- 2. the assessment item is a minor assessment item and the Course Co-ordinator has specified in the Course Outline that students may apply the online Adverse Circumstances system;
- 3. you are requesting a change of placement; or
- 4. the course has a compulsory attendance requirement.

Before applying you must refer to the Adverse Circumstance Affecting Assessment Items Procedure available at:

https://policies.newcastle.edu.au/document/view-current.php?id=236

Important Policy Information

The Help button in the Canvas Navigation menu contains helpful information for using the Learning Management System. Students should familiarise themselves with the policies and procedures at https://www.newcastle.edu.au/current-students/respect-at-uni/policies-and-procedures that support a safe and respectful environment at the University.

This course outline was approved by the Head of School on the 25/01/2024. No alteration of this course outline is permitted without Head of School approval. If a change is approved, students will be notified and an amended course outline will be provided in the same manner as the original.
