

How to Customise the TRIM Background Colour

It is possible for any TRIM user to change the colour of their TRIM background from the default colour to a colour of their preference:

Default colour:

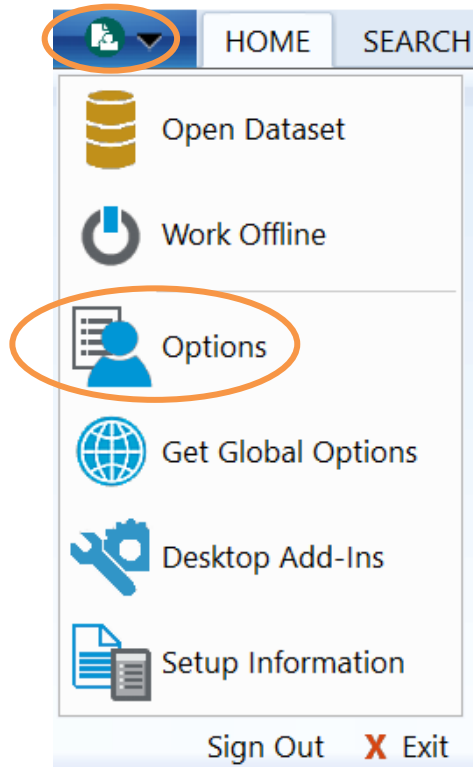

Example Custom colour:

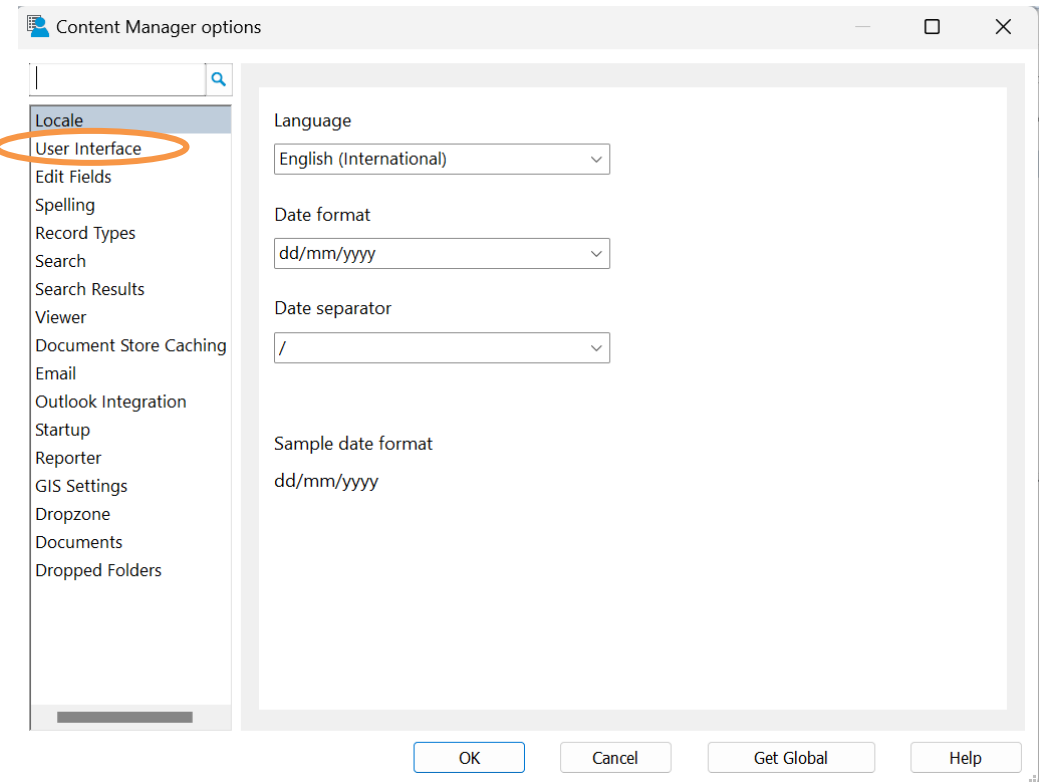

If you would like to do this:

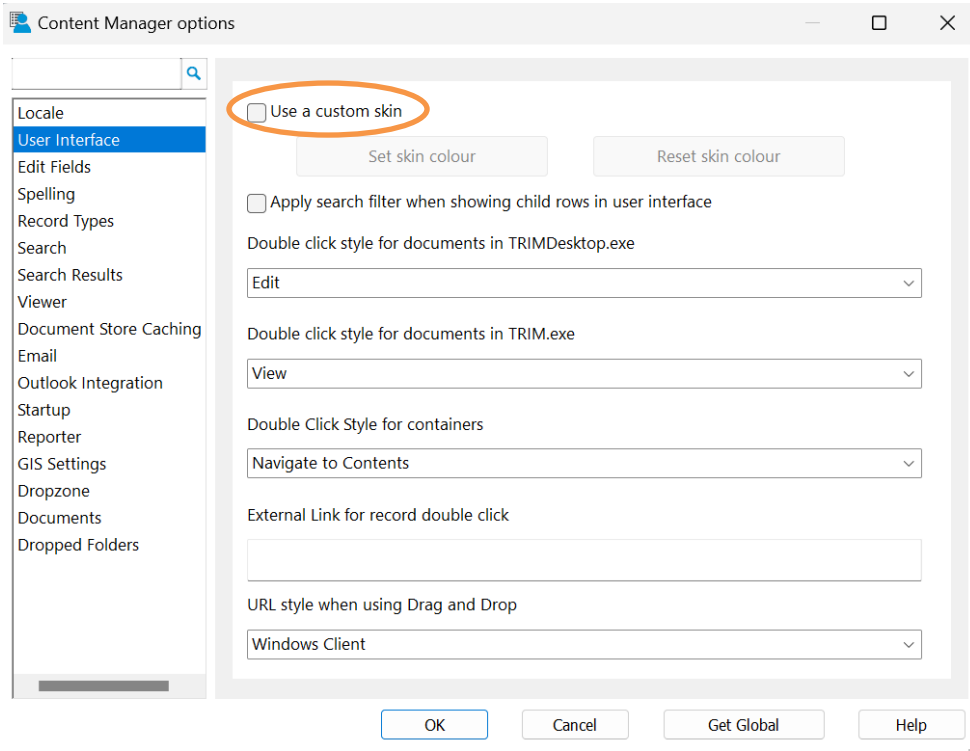

1. Select the **FILE** button at the top left of the TRIM screen, then select **Options**.

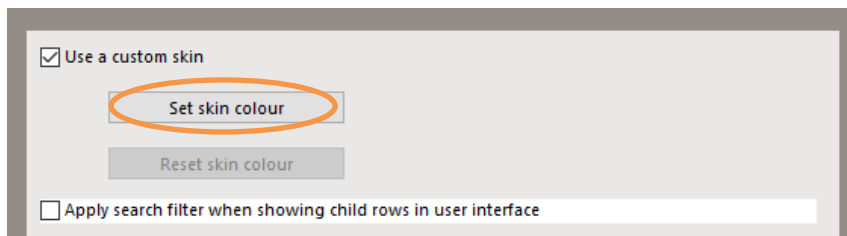

2. When the 'Content Manager options' window appears, select **User Interface**:

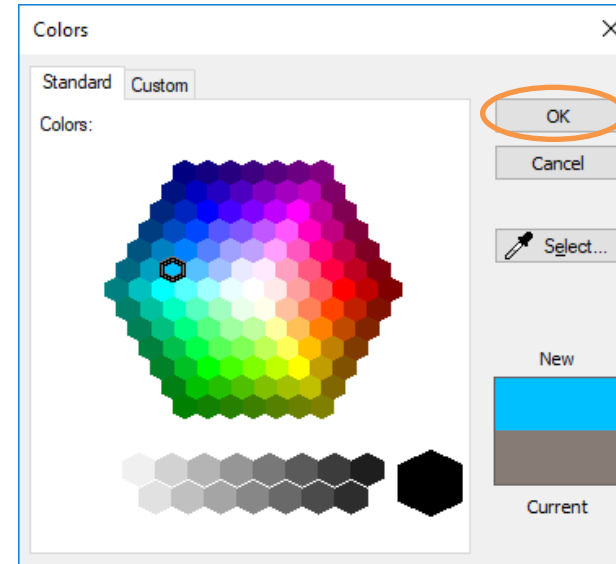

3. Place a tick in the 'Use a custom skin' checkbox by clicking it once:

4. Select the **Set skin colour** button:

5. This will open the 'Colors' window. Select your preferred colour, then click **OK**:

6. Your TRIM background colour will update accordingly. Click **OK** to close the 'Content Manager options' window:
